Events and Inspiring Street Parade Saturday

Lowell's first city-wide celebration in honor of glorious American boyhood, officially starting on Friday morning, May 16, with elaborate "Boys' Week" observances in all public schools, promises to outdistance in attractions and popular appeal anything of similar character ever before conducted within the limits of the community.

GARRITY CHARGES DOHERTY MOVE
DUE TO PERSONAL ANTI-PATHY

Resents Orders of Street Department Head But Will
Obey—Can't See Need of Three or Four Bosses
to Handle Job He Shouldered Alone

P. Joseph Garrity, who under orders of Streets Superintendent Doherty yesterday was relieved as general construction foreman in the street department and assigned to charge of paving and edging, said this morning that while indirectly complimented to find additional bosses were created to handle work which he has handled alone, he feels his resignation is in fact a denunciation and the result of a pudge.

Mr. Garrity has been succeeded as assistant superintendent of streets in fact, though not in official rating, by John Blessington, former superintendent of streets, who was recalled from foreman of the city lodge at Danvers, Mr. Blessington and Supr. Doherty this morning made a tour of some of the city jobs now under way. Mr. Doherty said that the rain of the past several days has handicapped the advancement of construction work but

SPRINGFIELD, May 14.—A charge that the Methodist church had been brought into ill-repute as a supporter of communism and the Third International threw the Methodist Episcopal general conference into an uproar today. It was finally voted that Harry F. Ward, chairman of the Civil Liberties Union and editor of the Methodist Federation for Social Service, was beyond the jurisdiction of the conference.

Circulation by the Civil Liberties Union of bulletins of the federation in regard to the arrest of a group of communists in Bergen county, Michigan, about

ST. ALBANS, Vt., May 14.—A disagreement was reported today by the jury in the trial of the \$100,000 suit for alienation of affections brought by Walter V. Phelps of Seattle, Wash., and Kenneth F. Falls, against Eugene F. Greenwood, Enosburg, Falls banker, and the jury was dismissed.

The jury went out at 12:42 p. m. yesterday and after twice reporting inability to agree, was instructed by the court to go to bed. Deliberations were resumed this morning and after two hours the foreman reported that

MAYOR PRESENTS MEDALS TO BOYS
IN PRESENCE OF COUNCIL

Public Recognition for Lawrence Street Lads for Effect-
ing Drowning Rescue—Council Passes Loan Order
for Fire Apparatus and Ignores Tabled Nominations

Two boys of eleven and twelve years respectively stood in the chamber of the city council last night, their eager faces flushed with the excitement and pride that is known only to the heroic deeds of boyhood, while Mayor John J. Donovan pinned upon their breasts here medals richly deserved. The city's chief executive presided over the presentation with a brief speech, the feature of which was the ring of sincerity which permitted no impression save that it did indeed emanate from the heart.

Checks for fifteen dollars each were also presented to the two youthful heroes who braved the cold and icy

waters of the Concord river last winter to save a playmate from death by drowning.

The boys, Chas. Lambert and John Handley, are playmates and neighbors in Lawrence street and rescued the younger Handley, brother from a watery grave, Miss Emily E. Skilton of the police department investigated the rescue and it was her report of the circumstances and her recommendations which won official recognition.

The council session which followed the presentation was noteworthy for its brevity despite the usual large

Furniture Should Follow Lines of Room

A NEATLY ARRANGED BREAKFAST ROOM, SHOWING ARRANGEMENT OF FURNITURE AND WALL LINES

Comfortable furniture may produce unrest and discomfort if placed without a preconceived plan in a room.

A room apparently put in order may produce a sense of disorderly arrangement, if it isn't furnished correctly.

The cause for such reaction is the violation of a simple principle in house furnishing. It's this:—Furniture should be laid and placed in accord with the lines of the rooms.

A room generally has rectangular lines. Very seldom do we find one with a curve in it.

Lines Conflict

Place a rug so that its lines will run diagonally to those of the room, and a new decorative idea is produced. There are two conflicting plans for arrangement of the furniture.

In addition, if the furniture is placed every-which-way, a visitor very likely will get an idea of confusion rather than balance, unrest rather than peace and comfort.

The rug should lie with its lines parallel to the walls. Any other rug, small or large, should not be thrown across the floor, but placed parallel with the main rug.

A piano placed across a corner not only wastes the triangular space there, but conflicts with the main plan of the room. Whether upright or grand, it should be placed along a wall, where it fits best.

Chairs, tables, sofas should run parallel with the lines of the room. Such an arrangement makes for order.

VITAL FACTS FOR WOMEN

Sooner or later almost every woman is brought face to face with the fact that she is a victim of some weakness or ailment peculiar to her sex. It may be the young woman suffering from pain or irregularities, a mother who has brought on some weakness or displacement from overwork, or the middle-aged woman passing through the most critical period of her life. For each of these trying periods Lydia E. Pinkham's Vegetable Compound has proved the greatest boon ever given to women, and these are women living in every town and city in the country who testify to its value—Adv.

POINCARÉ TO TAKE REST

To Ask Leave From Senate
So as Not to Have to Appear in Debates

Question of Successor to
Poincaré as Premier Easier
Put Than Answered

PARIS, May 14.—(By the Associated Press.)—Premier Poincaré intends to withdraw from politics for the time being, taking a complete rest, and it is understood he will request a leave from the senate so as not to have to appear in the debates following his retirement as head of the government. M. Poincaré has received requests from all over the world, particularly from America, to write articles for leading publications, giving both his views on European politics and reminiscences of his 12 years as a government minister.

He will resume his political activities when he considers the time ripe. Meanwhile the question of who is to succeed to the premiership is easier put than answered and it provides ample food for speculation among the deputies who are already beginning to prepare for the opening of the chamber on June 2.

It is also receiving the full attention of President Millerand, who, it is understood, will take an early opportunity to confer with M. Herriot, the radical leader, on the political situation, so that the interregnum between the resignation of the Poincaré ministry and the formation of a new cabinet will be as short as possible.

The composition of the new ministry depends largely upon the attitude of the socialists, who form a large section of the bloc of the left. It has always been a cardinal principle of that party never to accept office, and a conference will be called at an early date to decide whether the rule shall be waived to permit members of the party to accept portfolios in the new administration.

Lawyers in Majority
PARIS, May 14.—Like most legislative bodies the world over the new French chamber of deputies has more lawyers in its membership than men of other occupations. The lawyers number 141. After them come the farmers with 52 and the manufacturers with 16. There are 21 doctors, 4 priests and three ministers.

Will Accept Report
PARIS, May 14.—(By the Associated Press.)—Leon Blum, leader of the socialists in the new chamber of deputies and their most prominent financial authority declared today that the results of the parliamentary elections were such to better the position of the French Republic than have just that much more credit throughout the world by affirming herself more resolutely pacific and determined to apply the reparation experts' program.

"It will not be a sudden acceptance of the experts' report—an acceptance always ready to confer debts and involve the world's confidence in us," he continued, "but a loyal acceptance based on a resolve to proceed immediately to realizing acts. Don't doubt that the new chamber will give that acceptance."

ARMY REDUCTION
4000 Will Lose Jobs in Japan
On May 31

TOKIO, (Correspondence of the Associated Press.)—The war office announced that 4000 working employees in the arsenals and clothing factories will be discharged May 31, as part of the program of army reduction inaugurated in 1922.

CARD OF THANKS
We, the undersigned, desire to express our sincere thanks to our many friends, neighbors and relatives for their acts of kindness, expressions of sympathy and spiritual and moral aid during the illness of our dear friend, Mrs. Thomas Murray, who died May 11, 1924. We are deeply indebted to the Sisters of St. Patrick's school for the way they guided the children to the house and church. We deeply appreciate their kindly efforts and will never forget them in loving and grateful remembrance.

The cortege proceeded to St. Patrick's church where, at 10 o'clock, a funeral high mass was sung by Rev. Joseph Curran. The choir, under the direction of Mr. Sarah Murray, rendered the Gregorian chant. The soloists were Miss Frances Tiche and Mr. Timothy Finnegan. Miss Murray presided at the organ. There was a profusion of beautiful floral tributes and of spiritual bouquets. The bearers were Patrick Clancy, John Martin, Norman R. Tobin, Frank Clancy, William P. Smith and Patrick E. Smith. At 11 o'clock, Rev. J. Curran read the committal prayers and the burial was in St. Patrick's cemetery, under the direction of Undertakers James F. O'Donnell and Sons.

DEZIEL—The funeral of Gaspard Dezziel took place this morning from the home of his sister-in-law, Mrs. Gustave Leclerc, 215 Mt. Hope st. Solemn high funeral mass was celebrated in St. Jeanne d'Arc church at 9 o'clock. The choir sang the Gregorian chant. The soloists were Mrs. Antoinette Bondeau, Miss Stella Laboure, Arthur H. Droux and Dr. J. E. Nolet. At the offertory the choir sang Duval's "Vierge Marie" and as the body was taken to the church the choir sang "De Profundis." Miss Antoinette Bondeau was the organist. The bearers were Philias Houle, Gustave Leclerc, Philippe Gosselin, Omer Desziel, Emil Gosselin and Francis Desziel. Burial was in the family lot in St. Joseph's cemetery, where Rev. Fr. Merel, O.M.I., read the committal prayers. Arrangements were in charge of Funeral Director Joseph Albert.

LABOR GOVERNMENT IS AGAIN VICTORIOUS

LONDON, May 14.—England's labor government has survived another test in the house of commons. Chancellor of the Exchequer Snowden's proposal to do away with the war-time duties established by former Chancellor McKenna was upheld by the house of commons last night, with the rejection of Stanley Baldwin's motion of censure by a vote of 317 to 252.

The former premier's motion merely called for the retention of the McKenna duties, but Premier MacDonald had chosen to stake the question of censure on it.

The conservatives solidly supported Baldwin and the liberals voted against the government and not one of the laborites deserted the administration. Premier MacDonald did not attend the session, either for the debate or the division.

WAIVED EXAMINATIONS IN LIQUOR CASES

Two Lawrence men, Frank McDonough of South Broadway and Myles Moriarty of 51 Carter street, appeared before U. S. Commissioner Richard B. Walsh at the local court house today, waived examinations in liquor charges and were held in \$500 for the federal court. A third Lawrence man, James P. Walsh of 51 South Broadway, pleaded not guilty and was held until May 26 for a hearing.

Harold Maguire of Lawrence, who appeared before the commissioner several weeks ago in connection with a raid, was discharged today when his case came up on remand.

GLOBE FLYERS PREPARE FOR LONGEST HOP

BREMERTON, Wash., May 14.—(By the Associated Press.)—Three United States army aviators around the world aviators are prepared to leave Alti island today for the longest hop of their expedition, with Laramie island, 67 miles distant, in the Kuriles as their objective. They arrived at Alti last Friday from Alti island.

Each of the three giant air crafters has been overhauled for the most exacting stretch of the flyers' 27,000 mile journey. Lieut. Lowell H. Smith, piloting the cruiser Chicago, is in charge of the squadron.

Major Frederick L. Martin, the flight commander and Staff Sergeant Alva L. Harves, his mechanic today were aboard the Pacific-American Fisheries vessel, Catherine D. bound for Seattle from Port Moller. The ship is expected to reach Bellingham, Wash., May 22.

RUGELEY WINS CHESTER CUP STAKES

CHESTER, England, May 14.—(By the Associated Press.)—The Chester cup stakes of 2500 pounds and extras at two and one-quarter miles, was won here today by F. Grotton's Rugeley by Rosedale, out of Royal Lord Derby's Sierra Leon was second and Sir H. Lawson's Mivani third.

O'HARE'S SQUIRRELS HAVE DOMESTIC JARS

Yesterday morning a most unusual occurrence was noticed on Rogers st. when a member of the squirrel family that has attached itself to the residence of Mr. Francis O'Hare was seen carrying a half squirrel in his paws. The squirrel was the electric light wire to the Rogers hall school yard. Just what happened to the squirrel family that had a nest in one of the big poplars in Mr. O'Hare's yard, is not known; but for some time past there has been the worst kind of dissension in the household. At first, the family consisted of two and then there was the most delightful harmony. Both together scampered down to the back door of the O'Hare residence to get the things there offered some times picking the food from the hand of Mrs. O'Hare, one of the boys of the family, an invader appeared and decided to join the happy family and share its home and the friendly privileges acquired around the O'Hare residence. But then the trouble began. There have been desperate fights in the squirrel domain ever since, and when the squirrel carried a half squirrel to the house, it was no longer known whether the recent storm had flooded or destroyed the nest or whether as a result of domestic trouble, the mother had decided to break up household.

Mr. O'Hare was unable to identify the squirrel and it came in to intrude upon the peaceful home of the original pair, and when the lights in the nest waxed fierce, he often fell that if he knew the intruder he would attempt to eliminate him by an interview with the family cat.

But under the circumstances, he is satisfied to wait developments, hoping that domestic peace will be restored. The squirrels have been quite tame during the winter and called regularly for food; but now they can live in the open and will not have much occasion to fight over possession of the den which the four provided.

CHALIFOUX MUTUAL BENEFIT ASSOCIATION

At a meeting of the Chalifoux Mutual Benefit Association held at the rooms of the Girls' club last evening, officers for the year were elected and preliminary plans were made for the annual outing to be held at Hamilton beach next summer. The officers elected were: President, A. L. Hiser; Vice president, Miss Marion Shattuck; Secretary, Miss Margaret Gutter; Treasurer, Louis Oudet; Collector, Henry Chaput; Trustees, Miss Josephine O'Brien, Mrs. Albert Ford, Joseph O'Brien and Robert Gaudet. Following the business session, a dinner and entertainment were enjoyed. A varied program of vocal and instrumental selections, together with specially numbers, were given by Miss Harriet Macneil, Arthur Kennedy, Frank Burnett and Robert Gaudet. Music was furnished by the Chalifoux orchestra.

SCORES TRAPPED IN TUNNEL

Gas believed to have been generated by automobiles overcame scores during a traffic jam in Pittsburg's new Liberty tube, a long tunnel for automobile use. The congestion was due to increased auto traffic caused by the street car strike. Twenty victims were taken to hospitals in a serious condition. This picture shows people waiting outside the tunnel mouth while rescue crews were at work.

Several policemen were overcome while attempting to reach motorists imprisoned in the Liberty tube. Here is one of the officers being revived.

Love Tangle Stirs Village

Continued

There was no possibility of reaching a verdict. Phelps counsel declined to say whether he would seek a new trial.

The suit was one phase of a love tangle which has stirred the village of Enosburg Falls, involving three of its families and extending to its business and financial interests. Four of the persons concerned have been arrested.

Shortly before trial of this suit was begun the trial of a \$10,000 libel suit brought against Phelps by George Wood, a truckman, was halted when a settlement was reached out of court. Immediately afterward, Phelps, Greenwood, Mrs. Phelps and Mrs. Wood were arrested on statutory charges. They were released under bonds pending trial in September. Last Saturday Mrs. Phelps and Mrs. Wood were arrested on charges of perjury growing out of their testimony at the Phelps-wood trial.

Phelps went to Seattle, Wash., in 1922, and has since claimed that city as his residence, although spending much time at Enosburg Falls. Mrs. Wood left town at about the same time and Wood in his suit charged that she had come with Phelps. Last year, Mrs. Phelps obtained a divorce.

Soon after Phelps' departure he was reported as president of the First National Bank of Enosburg Falls and Greenwood succeeded him. Witnesses at the Phelps-Greenwood trial testified to the friendly relations between Greenwood and Mrs. Phelps. Before leaving Phelps disposed of his large property holdings in the village, but later he bought back some of them.

and civic demonstration. All the school boys of Lowell will parade in public feature review. Contributions are not coming in as fast as the committee would like, however, and it is hoped that all persons who have received notification either appear, stand by, or contribute. The parade will be held on Saturday, May 17, at 10 o'clock. The parade will be led by the Honor John J. Donovan, and will end in front of the city hall. The parade will be a most interesting and profitable to all participating.

The first school programs are to be carried out tomorrow.

Lowell educators in many different schools and educational institutions are preparing to entertain many a host from out of the city on Saturday, the day of the much-mooted street parade of Lowell school boys.

The parade will be held on Saturday, May 17, at 10 o'clock.

BILLY SUNDAY GOES TO TRIAL OF ALLEGED BANK HOSPITAL FOR REPAIRS WRECKERS TOMORROW

MEMPHIS, Tenn., May 14.—William A. Billy Sunday, evangelist, in his own words has been "driving the old machine hard for thirty years and I guess some of the bearings are hot." He is on his way today to the Mayo clinic at Rochester, Minn., "to have some repairs made."

Mr. Sunday, his physician, Dr. A. L. Sanders, who ascribed the evangelist's illness to impaired functioning of the kidneys and others, left here last night.

With his engagements for the immediate future cancelled, the evangelist realized when he left for Chicago and Rochester, that continuation of his career depended upon the course of his present illness.

that matters are today going smoothly."

Carrity Says Grudge Basis

"Like a good soldier I am subject to orders, and the carrying out of same," said Mr. Carrity this morning. "I will do the work assigned to me to the best of my ability. To say that the charges are made for the sole object of increased efficiency in the department rather than based upon personal antipathy is to ask for an unreasonable stretch of imagination."

"The superintendent has simply put into effect what rumor has said, he contemplated doing for the past month. He is in charge of the department and I will follow his instructions. Just why it is necessary to divide the work of the department among three or four sub-divisions this year where last year it was performed by one under the supervision of the city engineer, is a question which I am not called upon to solve, nor to provide for the increased expenditure of public money that is incidental to these changes."

Chairman Murphy Non-Committal

Chairman Dennis J. Murphy of the board of public service was interviewed on the street by a reporter for The Sun relative to his department and shape-up and said he had no previous knowledge of it. Asked if the board might interfere in any way, Mr. Murphy was non-committal, saying he could only talk for himself and that on first impression would say that it is impossible there will be any interference with Supr. Doherty in whatever switching he desires to order among his subordinates.

Mr. Doherty this morning expressed satisfaction at the manner in which the men affected by yesterday's orders had taken hold of their new assignments and expressed every confidence that pleasing results will be attained.

Uproar at M. E. Convention

two years ago, was the basis of a report by a standing committee, which was adopted as the conference's final action.

"The church ought to take action," said John C. Willis of the Michigan delegation. "The church has been brought into great reproach in Berrien county. We ask a deliverance whereby the people of that county will know that the church does not stand for Communism and Communists that seek the overthrow of the United States government."

Word's chairmanship of the Civil Liberties union has been used as a smoke screen," the delegate continued. C. Ramsey Oxman of California, received an ovation when he said that the matter of free speech was at issue in Michigan, and that the sending out of the bulletins was in defense of the federal constitution.

Presenting the committee's report, its chairman recounted the Michigan episode as follows:

"A number of men were arrested at a communist meeting in Berrien county, supposedly held in violation of the anti-seditious law of Michigan. The Civil Liberties Union attacked the arrests on the ground of free speech. Some secretary of the union got hold of a number of bulletins on communism issued by the Methodist Federation for social service, which discussed both sides of the question impartially. These, with a letter enclosed, were sent out by the union without Ward's knowledge. The bulletins would not have tolerated in, had he known it was being done."

Delegate Willis then charged that the letters and bulletins were sent ten days before the trial of the communists to every possible juror except the ministers of Berrien county, "with the purpose of making the prospective jurors believe that the church was behind the communist movement."

William H. Van Orman of New York, said that the Federation for Social Service was not an official body of the church, but that the situation was a grave one, calling for the appointment of a separate commission, amenable to the conference, to deal with all important social questions.

"We are anxious," said the Rev. James R. Woodson of Michigan, "to have it made clear that the church was not responsible in this affair and that Ward was not its spokesman."

An amendment to strike out certain words in the committee's report was then debated and the report was carried with only a few dissenting votes.

MODERN METHODS OF DRILL FOR FIREMEN

Modern methods of drill for firemen will be in order for Lowell's fire-fighters as soon as the drill tower, proposed by Chief Saunders, is erected.

The drill tower will be located near the city hall, on the corner of State and Elm streets. It will be a two-story building with windows on each floor level. This building will afford the men an opportunity to get actual ladder training, experience and also the experience of carrying persons down ladders, as is often necessary at night fires.

But the tower would not be limited to ladder work for the chief interest is to have in it a smoke manufacturing plant which would provide sufficient smoke to fill a large room. In this room, filled with smoke, the firemen would get used to entering burning buildings and the drill instructor could come downstairs and the men reacted to actual fire conditions.

Woodless, Dr. John T. Donohue, Charles D. Foley, James P. Linton, John H. Gillick, Arthur Lench, Elmer C. Brennan, Thomas Kane, Martin Conway of the Lowell high school, Mr. Saunders has secured the assistance of the following men to take charge of the various events:

Hon. Perry D. Thompson, Arthur P. noon.

WORCESTER, May 14.—Joseph R. Marcano, Abraham Goldmann and Frank L. Taylor, the latter the \$50-a-week president of the First National Bank of Warren will go on trial before Judge Broadhurst and a jury in superior court here tomorrow on state indictments arising in connection with the wrecking of the bank on Feb. 3, 1922 when the bank's securities, \$212,000 in bonds, were taken.

The indictments charged with conspiracy to steal and the actual larceny of the bonds and Taylor and Goldmann are accused of conspiracy and aiding and abetting in the larceny.

HEARING IN MURDER CASE CONTINUED

PROVIDENCE, R. I., May 14.—The preliminary hearing in the case of Anthony J. Amaral, Lincoln (farmer), accused of the murder of nine-year-old Clementine Cosmo of East Providence, in the Lincoln woods on April 22, was continued until May 28 by Judge Malcolm H. Chaplin in the seventh district court this morning, at the request of Town Solicitor J. Truman Patterson of East Providence, who appeared for the state.

ALLOWED TIME TO RAISE \$600 FINE

SPRINGFIELD, May 14.—William H. Goss, proprietor of the Carlton House, arrested March 27, the date following a raid on the hotel by agents of the Watch and Ward society, and police, in which horse race and betting paraphernalia were seized, pleaded guilty in district court today, to a charge of possessing gambling material, and a fine of \$600 was imposed with time allowed to raise the money.

LICENSE OF PILOT ADAMS SUSPENDED

PROVIDENCE, R. I., May 14.—The license of Massachusetts State Pilot George A. Adams of Attleboro today was suspended for six months by United States steamboat inspectors here on the grounds of unskillfulness in the operation of the oil tanker Swift Light, which grounded three times in 24 hours near Fall River, on April 15 and 16, and after striking Sledge's ferry bridge in Fall River and hit the dock to which the vessel was to tie up. The inspectors held that Adams was responsible for the mishaps charged against him.

TO SELL HOLDINGS OF WALKER WEBBING CO.

PROVIDENCE, R. I., May 14.—Judge Barrows in superior court today approved a recommendation to sell the holdings of the Walker Webbing Co. of this city and Brockton. If a satisfactory offer for the company's holdings at private sale is not received before May 21, steps may be taken to dispose of them at auction June 4.

IMPORTANT WITNESSES BEFORE OIL JURY

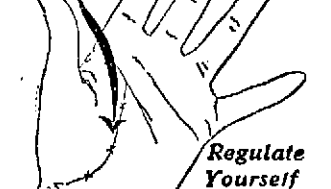

WASHINGTON, May 14.—Several important witnesses subpoenaed for appearance today before the special oil grand jury in the district of Columbia supreme court were unable to reach Washington and the jury proceeded with the questioning of employees of the Interior department. More documents obtained from the senate oil committee also were examined during the day.

JAPAN NOT TO WITHDRAW AMBASSADOR

TOKIO, May 14.—Commenting on suggestions in Washington press dispatches that Japan might withdraw her ambassador from Washington as a protest against the extension clause of the immigration bill, the foreign office today termed such a step "undignified" and asserted it was not being seriously considered.

For a period of 1483 years ending in 1905, Japan had 244 earthquakes, more or less disastrous in character.

NO CHANCE FOR BEER BILLS, SAYS UPSHAW

ATLANTA, Ga., May 14.—Declaring the return of wine and beer in modified form would mean also return of the saloon with "all of its attendant evils" the laymen's organization of the Southern Baptist convention last night adopted a resolution opposing bills now before the house judiciary committee seeking to increase the alcoholic content of beverages. Representative W. D. Upshaw, of Georgia, democratic aspirant for vice president of the United States, seconding the resolution, declared that "not a one of the 57 varieties of beer and liquor bills in the committee now will ever see the light of day."

BUTLER ANSWERS ELIOT

Columbia Head Does Not Advocate Wet Plank in Republican Platform

NEW YORK, May 14.—Dr. Nicholas Murray Butler, president of Columbia University, does not advocate the insertion of a wet plank in the platform of the republican party.

"Anyone would be mad to make such a proposal," Dr. Butler declared in reply to a statement by Dr. Charles W. Eliot, president emeritus of Harvard University, in which Dr. Eliot took exception to Dr. Butler's views on prohibition enforcement.

Columbia's president insisted that the question he raised in his speech before the Missouri society, "has nothing whatever to do with wets and dries, so-called." He wished simply to point out that the policy called "dry" has made the nation wetter than it had been in years.

Dr. Butler contended in his rebuttal to Dr. Eliot's statement yesterday that the impossibility of enforcing the Volstead law had been proved by the experience and testimony of the enforcement authorities.

FAVOR FOLEY FOR TAMMANY CHIEF

NEW YORK, May 14.—With the sentiment of Tammany leaders overwhelmingly in favor of surrogate James A. Foley for the position left vacant by the death of his father-in-law, Charles F. Murphy, the democrats of New York await formal recommendation on the leadership by the committee of seven to the Tammany executive committee this afternoon at 3 o'clock. The subcommittee visited the surrogate last night and informed him of the desire of the Tiger cohorts that he take the reins. While Mr. Foley had nothing officially to say, it was understood he was waiting only for the formal tender of

GAVE TOUCHING EULOGY ON MOTHERS' DAY

Lowell lodge, No. 87, R.P.O. Elks, last night held a special program commemorative of Mothers' day. This in conjunction with the regular meeting of the lodge. Past District Deputy Grand Exalted Ruler Peter McManus of Chelsea, delivered the oration, a touching eulogy. With the Elks the treatment of womanhood with chivalry is one of the first precepts and it is perhaps as much due to this as to the wonderful oratorical ability of the speaker that his talk made the profound impression that it did. The hundreds that were numbered in the lodge room all left later in the evening, feeling better for it.

A splendid buffet luncheon followed the meeting. Michael A. Markham, chairman of the Boston grand lodge convention committee, reported that at least 400 Lowell Elks will be in line in the June parade, that number having already ordered their suits through the uniform committee.

WAR MINISTER TROTZKY Emphasizes Importance of Chemical Warfare as a Means of Defense

MOSCOW, May 14. (By the Associated Press).—War Minister Trotsky, speaking before a convention of scientists here yesterday, emphasized the importance of chemical warfare as a means of defense and urged that the

utmost attention be given to organizing Russia's chemical industry. The victorious nations in the World war, especially the United States, he said, had made tremendous progress in this form of warfare, making the question one of the most important in its bearing on the future progress and development of civilization. "Russia should organize because nobody knows in what dreams the American bourgeoisie is indulging," he said.

Happy, Wholesome Outdoor Days in a Lloyd

In a Lloyd Loom Carriage your baby is assured unusual comfort and protection for his daily journey into the glorious, sunlit outdoors. For you, this well-built, well-balanced carriage promises both convenience and ease of handling. But, above all else, it offers a beauty of appearance and fineness of finish that no mother is willing to do without.

Spiral weaving, of a single, continuous strand of finest wicker, gives this carriage a graceful bowl shape that only the famous Lloyd Loom can achieve. No seams, corners or pieced short ends of wicker mar its loveliness, or lessen its strength. In addition, this patented weaving method, thirty times as fast as hand weaving, cuts its cost amazingly—enables you to buy a fine baby carriage for less money than ever before.

VELIE ENGINEER TALKS ON CONSTRUCTION

"Every automobile today is a compromise between what an owner's ideal of a motor car may be and an average machine designed to meet the needs of the great majority." This was one of the features enumerated by H. C. Snow, chief engineer of the Velie Motor Corp., Moline, Ill., recently, in his radio talk to more than 2,000 persons.

This talk, the second of a series of four, given by Mr. Snow from radio station WOL, Davenport, Ia., each Wednesday night at 7 o'clock Central time, was built around the above theme and for the first time an automobile engineer gave the public a complete course in why it was not possible to do certain things in building the automobile.

Mr. Snow said that today it was impossible to build an automobile that would give great speeds and at the

same time furnish ample power for hill climbing or idling in traffic, or get away quick in heavy traffic. All these factors, he said, were governed by the gear ratio of the rear axle to the engine and if a high speed axle was provided it would be impossible to build a car that would combine great speed with power, getaway and idling qualities. Compromise, he said, was the keynote of the entire car and today the automobile has become so universal in use that it is necessary to design and build a car which will appeal to the majority rather than the few. This applies, he said, to price, economy, power and appearance even.

FINE DEMONSTRATION AT THE MOTOR MART

A remarkable and interesting exhibition of the latest new cut chassis of Dodge Brothers car is now being shown at the Lowell Motor Mart. The model is cut to show every working part of this popular make and will assist all owners in learning the mechanical construction of their car so that they may receive the maximum

amount of service and understand the various sections built in it. A competent instructor is on hand to answer all questions and explain everything in an easily understood manner. All owners and prospective owners are invited to see this exhibition all this week.

Mayor Presents

Medals to Boys

The public safety committee introduced an order for the expenditure of \$75,000 for complete motorization of the fire department and the supplying of a drill tower. It moved the usual course and the motion carried. Councilor Fitzgerald introduced his amendment to the recently passed ordinance. This amendment provided that fuel be distributed from the city wood yard as is now customary instead of by private contract as proposed.

Councilor Lambert moved, and Councilor Daly seconded, the proposal to refer the amendment to the charities committee. Mr. Fitzgerald amended to provide it also be referred to the city solicitor as to legality and form, and also referred to the committee on ordinances as well as the committee on charities.

An objection from George B. White to the location of a lunch cart in French street as desired by former Election Commissioner Joseph Alguire, was read.

Councilor Sadler moved the petition be received and placed on file. It was so voted.

Abolition of Grade Crossing

The following letter from the city solicitor, regarding the abolition of the Middlesex street grade crossing, was read:

"I am returning herewith the petition of the city council to the superior court for the abolition of the grade crossing in Middlesex street. I have approved this petition as to form, and beg to call to your attention the following facts:

BUICK TO HAVE RECORD BREAKING SALES YEAR

Buick Motor Co. officials discount any intimation that general production for the year will be seriously handicapped by the late buying season. On the contrary they are looking confidently to completing the schedule laid out for the fiscal year, which means an increase over the previous year's business of about 20,000 cars.

They brand as propaganda several reports which have been given circulation, mentioning among these a patented design, a story that four-wheel brakes have proved unsatisfactory, and that it was planned to abandon the valve-in-head type of engine. These stories, the company asserts, were circulated for unfavorable effect on sales.

An evidence of the company's position on actual production and sales, it is stated that up to March 31, sales had run 12,000 ahead of the same period in the previous year. That includes the first eight months of its fiscal year, leaving the four best selling months of the year still to be counted. Retarded production in recent months, due to factory changes, will be brought close to normal in May. This resumption of heavy production is in spite of an extreme production during the winter months, which officials declare has been readily absorbed.

were filed for the abolition of this same grade crossing, together with the grade crossings in Western avenue and Fletcher street. In 1914 a commission was appointed by the court; hearings were held; and in 1915 the commission filed its report, which was to the effect that the financial condition of the Boston and Maine railroad would not permit of its being put to such an expense. The abolition of the grade crossing at that time would have cost in the neighborhood of one million dollars. This matter was appealed to the supreme court by the city on the disallowance by a justice of the superior court of the city's motion to have the commission's report recomputed, and

Tuberculosis

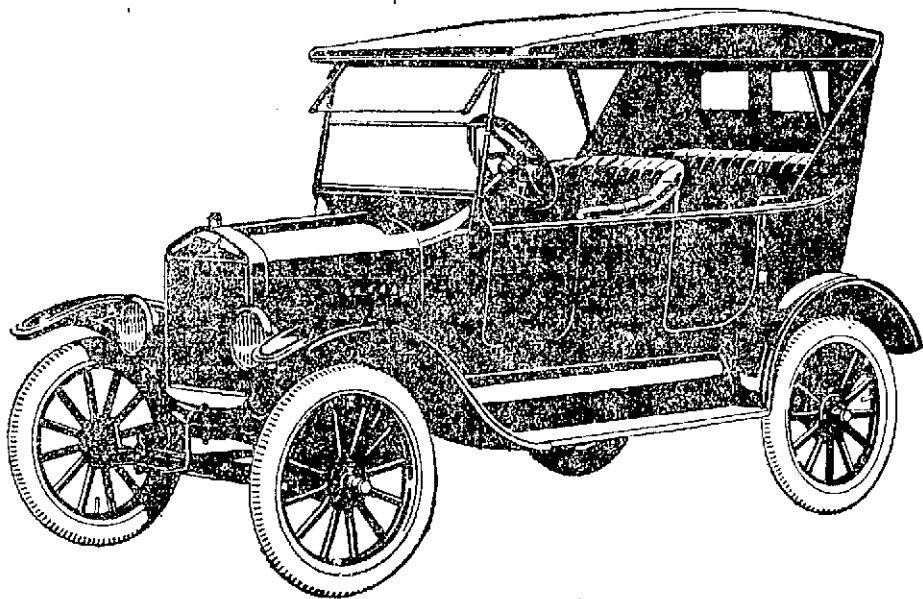

Miraculous Results Are Testified to by Tubercular Sufferers Who Have Used the "Haelan" Treatment at Home

Dr. E. M. Davis, a prominent Denver physician, says: "I have personally treated a large number of pulmonary tuberculosis cases with 'Haelan.' Cases of the chronic type where a continual loss of weight had been recorded responded by a gradual gain in weight, a cessation of coughing, elimination of the blood streaked sputum, renewed vigor and stamina, restored appetite, a ruddy complexion, warm hands and feet, clear eyes and a general robustness of constitution which surprised meet of all the patients themselves."

without leaving the home and without the inconvenience and enormous expense of traveling to distant climates.

Therefore, we offer "Haelan" to the public anywhere at very nominal cost on a right GUARANTEED TO PRODUCE SATISFACTORY RESULTS, or its full purchase price will be refunded. This guarantee is backed by a deposit of \$1,000.00 in a large Denver bank.

Full particulars, testimonials, prices and a book on "The Modern Treatment for Tuberculosis" will be mailed free on request. Write today. The General Remedies Co., Dept. 25, Loop Building, Denver, Colorado—Adv.

the allowance by said justice of the motions of the respondent to have said report confirmed and the petition dismissed. The matter was argued on briefs in 1921 before the full bench of the supreme court, and on April 7, 1921, a decree was issued confirming the decision of the justice of the superior court.

"Before your council proceeds further with the enclosed petition, I should like to have a conference with the committee from the council within whose jurisdiction this matter comes, as well as with those who are urging the petition, in order to present some facts and information in the possession of the law department, which I should receive the attention of the city council before any further steps are taken in this matter."

"Very truly yours,"

"PATRICK J. HEYNOLDS,"
"City Solicitor"

Councilor Dickson moved the petition and communication be referred to the public safety committee. It was so voted.

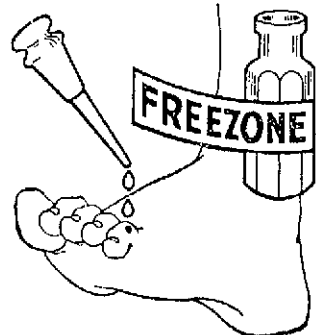

Councilor Lambert moved that the first chief be requested to advise the individual councilors what equipment he intends to purchase and his plans for distribution. Mr. Daly seconded and the motion carried.

Central Bridge Again

Councilors John J. McPadden, Arthur Genest and David Dickson were named by the council president to serve on the special committee to make recommendations as to what should be done with Central bridge. Under the original motion the council president and city engineer are members of the committee.

OLD

MUNICIPAL GOVERNMENT

Former Mayor Thompson

Addresses Business and Professional Women's Club

At the regular meeting of the Business and Professional Women's club held at Cole's Inn last evening, with about 60 members present, Hon. Perry D. Thompson, former mayor, as speaker of the evening.

Following the reading of the minutes of the two previous meetings by the secretary, Miss Eleanor Bly, Mrs. Hartford presented Hon. Perry D. Thompson, former mayor, as speaker of the evening.

After congratulating the members of the club and stating his pleasure at being able to address them, Mr. Thompson mentioned the fact that New York business women are to have a \$1,000,000 clubhouse, saying Lowell women might have one just as good.

"Although I am of strictly Puritanical stock," said Mr. Thompson, "I am fully converted to the idea that woman has her place in the business world. You are a part, an important part, of your municipal government. Your city is a great corporation in a great country. Over ten millions of dollars pass out into the county. And you, each one individually, are a great part of this corporation, although you may not realize it. There is something for each and every one of you to do and

in so doing your part you are helping a wonderful city, a wonderful government, a wonderful community. The city is better than it ever was, the people are better, although it is costing us more. Remember that more than \$40,000,000 have been expended in the past 15 years.

"You often hear the public school system criticized. In any city, especially in one as metropolitan as Lowell, the public school is the very backbone of the city, the success of the community.

"Although we have, I believe, a debt of about \$5,000,000, we have such a well equipped water department that the sale of that equipment would more than cover our debt. But we do not want to dispose of it.

"You very frequently hear that the departments at city hall are running into debt. They could not do so if they would, and would not if they could. Our departments, all of them, are held by a system enforced by the legislature. If you have any doubt of this, go to city hall, see how the departments are functioning, question the clerks and you will see for yourself that they all display ordinary, yes, extraordinary intelligence in their work.

"You are a part of your government and as such you should criticize, honestly and carefully, the work of your system. In a straightforward, business way, you should mention your disagreements to the head of your government. But remember, it is not fair to criticize and not help.

"Although there are times when strife is ripe, and the world does not seem to move along as smoothly as it should, the world is generally growing better.

"On Sunday, I spoke before a group of men of all classes. I spoke on Mothers' day and if tears and sympathy can be drawn from men, it is a proof that there are good citizens and that the world is all right."

Unraveling an imaginary pyramid and placing the capitalist at the top, Mr. Thompson gave an illustration of the cause of strife and disagreement in Russia today.

"It is because the line has been drawn horizontally instead of vertically," he stated. When the line is at the top, the body politic is not good; when it is at the bottom, it is still at fault. Let the line be drawn vertically and you will have equality to that body politic. But that line is gradually swinging, is being gradually tipped up, and when that line reaches the vertical position, the results will be evidenced by one and all.

"It is your job to be a part of this body politic. You cannot shirk your responsibility if you want to, you cannot shirk your duty as a part of the government. The collective duty of all of us, the individual duty of each of us, the duty of every woman, is to be a part of the government and a bigger part than she has ever been before.

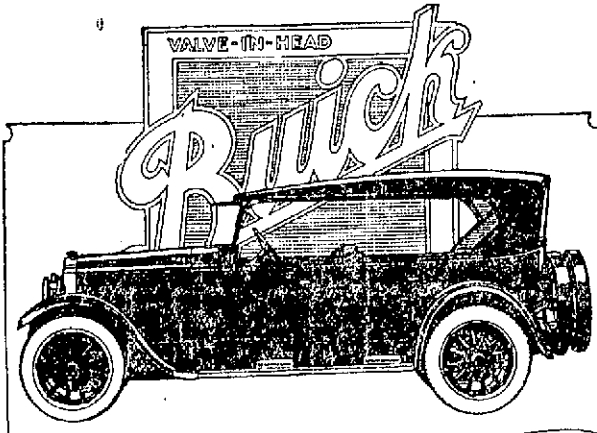

"The fireside where the father and mother teach the children to obey the law, to be good citizens wherever they are, in whatever community they reside, is the place to teach duty to government. What we need is a little more of this fireside training, then as a part of body politics, we, our children, may help to gradually tip that line until it will eventually be vertical."

Mrs. James Abbott then entertained with monologues which were greatly enjoyed by the gathering.

The tables were daintily arranged in blue and gold, with centerpieces of blue, pink and brown butterflies, the gift of Mrs. D. C. Dandridge.

The hostesses of the evening were Miss Mildred Christanson and Miss Florence Miller, M.D.

Of \$2,500,574 stolen in six mail robberies in 1923, \$2,303,794 was recovered.

The Deciding Factor—Buick Character

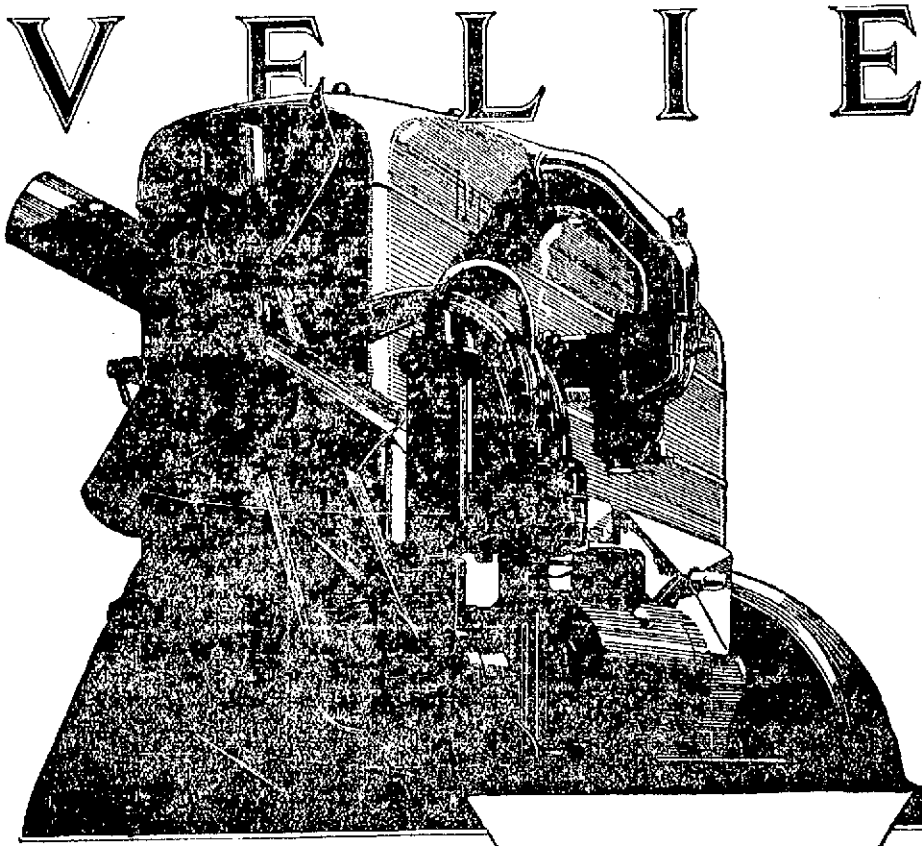

Ask some of your friends who own Buicks what they most admire in their cars. You will get a number of different answers. Yet in the end most Buick owners will agree that it is hard to place one Buick point of excellence above another—that what their value most in Buick is, after all, Buick character. If you already are not an owner, you can get an idea of Buick character by letting us give you a ride in the model you prefer. Suit your own convenience as to time.

And the big, vibrationless, 50-horsepower engine is a source of never ending delight to those who drive themselves.

Overhead valves, of course! Universally acknowledged the best. Used in all fine aircraft engines.

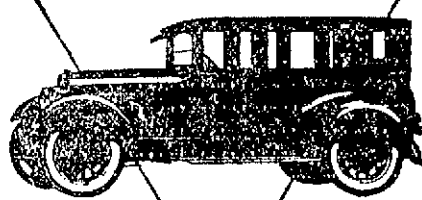

Velie valves give direct, easy entrance and egress for gases. No waste space—no hoods in cylinders to hold dead gases and clog efficiency.

Spark plugs exactly where they should be—right in heart of the business zone.

Pressure lubrication to all moving engine parts—more than in any other motor.

The Velie engine is built in Velie shops under Velie supervision.

Come in and let us show you one of the most remarkable performers in this country!

MAYOR CURLEY MOVES FOR SENATE PROBE OF CALVIN COOLIDGE FINANCE COMMITTEE

BOSTON, May 13.—Mayor Curley in a letter to Senator Walsh of Massachusetts made public today asks that the senatorial committee investigating alleged corrupt activities, of which Senator Walsh is a member, investigate what he terms "an organized plan for corruption" by means of an organization known as the Massachusetts Calvin Coolidge Finance Committee. The mayor quotes as follows from what purports to be a letter sent out from the offices of the Walworth Manufacturing Co., in this city, on April 24, under the sign of G. F. Elliott, chairman of the Pipe Fittings & Allied Material group of the finance committee. "There is no limit to the amount an individual may give to this committee. Large contributions will be so divided as to give full observance to the requirements of the statutes." This paragraph, Mayor Curley says in his letter, "has a sinister significance and indicates cynical determination to evade the provisions of the corrupt practices law." The mayor charges that William M. Butler, who has been selected to be chairman of the republican national committee is back of a "nation-wide corruption campaign" and that President Coolidge is "fully cognizant of its purposes."

FOLEY TO BECOME TAMMANY CHIEF

NEW YORK, May 13.—It was generally predicted today by members of Tammany Hall that Surrogate James A. Foley would be elected leader tomorrow by the executive committee. A canvass of district leaders has disclosed that the desire to support the presidential nomination of Governor Alfred E. Smith and the belief that only a man acquainted with the plans of the late Charles F. Murphy, could aid the governor had virtually eliminated all opposition to Foley.

NO TRACE OF MISSING HARVARD FRESHMAN

CAMBRIDGE, May 13.—No trace has been found up to noon today of Robert R. Proctor, the Harvard freshman missing since he went out in a boat on the Charles river late yesterday. The boat was found floating in the river last night. The Metropolitan police were engaged in dragging the river today. Proctor was in his rowing suit, having left his clothes in a boat house locker. His father is Dr. Charles M. Proctor of the Fayville district of Marlboro, with an office in Boston.

GIRL SHOT IN CHURCH DIES

PITTSBURGH, Pa., May 13.—Wounded by a bullet when a pistol fell from her father's pocket and was discharged in an East Pittsburgh church Sunday night, 14-year-old Thelma Klingensmith died in a hospital today. William Klingensmith, the father, said he carried the pistol for protection against highwaymen. During the church services the pastor called upon the congregation to stand and sing a hymn. The pistol dropped from Klingensmith's pocket as he arose.

GRAND JURY OIL PROBE CHALLENGE TO M'ADOO

Asst. Sec. Roosevelt and Rear Illinois Leader Calls Upon Admiral Griffin Chief Supporters to Favor Repeal of Two-Thirds Rule

WASHINGTON, May 13.—Theodore Roosevelt, assistant secretary of the navy, and Rear Admiral G. S. Griffin, retired, were the chief witnesses today as the special federal grand jury resumed its inquiry into charges of fraud and corruption in connection with the naval oil lease. Assistant Secretary Roosevelt testified that the White House for President Harding's signature the famous executive order of May 21, 1921, under which Secretary Fall took over control of the naval oil reserves and leased them to Harry F. Sinclair and Edward L. Doheny. Also at the request of Fall, Roosevelt sent messages to the two Senators in the summer of 1922, to direct off quarters, after that service had been taken over by Sinclair. Admiral Griffin, formerly chief of the bureau of engineers, was in charge of the reserves for a number of years, and was one of the naval officers who protested vigorously to Secretary Denby against their transfer to the Interior department. He sought to amend the original draft of the executive order so as to leave control with the navy, but testified before the senate oil committee that an amendment he had written into the order was completely changed in the Interior department. Roosevelt also suggested changes in the original draft and since the resignation of Secretary Denby stated that he opposed the transfer from the navy but kept silent because he did not

DISCUSSED BOYS' WEEK SPEAKER AT LIONS CLUB

Rotarians Hear Interesting Talk by Secretary of the Fitchburg Y. M. C. A. President of Manhattan Single Tax Club Talks on "A City Beautiful"

The challenge issued by the boys of America yesterday to the men of more mature years, who are controlling its destinies, for proper leadership in guidance in channels that will bring more perfect manhood to them after the juvenile years are past, might well have been the subject of the splendid address given at today's meeting of the Lowell Rotary club by Whitt Richards, secretary of the Fitchburg Y. M. C. A., and member of the Fitchburg Rotary club.

The plastic nature of the average boy requires very careful handling if it is to be moulded into a man of character, he said, and called this one of man's most important and serious obligations.

The meeting discussed the Boys' week observance and expressed interest in the bond issue now being floated for the purpose of establishing a running track for the high school athletes at Alumni field.

Professor Richards, in his more formal address, spoke enthusiastically of the Boys' week celebration and also hoped the Lowell organization would "get on the band wagon" in connection with the drive for funds for outdoor running track. He spoke of the magnificent stadium owned by the high school of Fitchburg and said he feels it has been a great power for good in the lives of the boys of that city.

The principal thought of the speaker's address was boyhood and the question of proper environment for the growing boys of today. "What the world needs today is an adjustment of human relationships," declared Mr. Richards. "I wonder if youth has not the right to look men in the face today and say to us that we have made a pretty bad mess of running the world for the past 30 or 40 years."

"As we look over the average group of boys we are prone to look at them simply as noisy animals, but we really are looking at plastic material and I venture to say that the majority of decisions of importance made by men, are made prior to the age of 14 years. The men of today in this room have in their power to properly steer the course of two generations of boys and if we fail to place these plastic characters in the proper moulds we are neglecting in our duty to the boys of today."

Mr. Richards spoke of the need of putting "young instincts" into proper channels.

"The most important job we are doing as men for boys today is making them good citizens," he said.

The speaker declared that what has struck him most appallingly in his work among boys is the lack of self respect for parents and said that whenever he hears a boy refer to his father as "the old man" he knows something is wrong in that home.

"The greatest constructive force in the life of any boy is a proper home," he continued, "and if any father can hold the confidence of his boy until he reaches manhood there need be no worry as to the manly character of that lad when he reaches maturity."

The matter of respect to law is another question closely identified with the boy problem, said Mr. Richards. "It is a matter of some importance that the boys who listen to our preaching have to watch our practice. What the youth of America wants today is good example and unless we see that thing seriously and move fast, a whole generation of boys will have passed on into a manner of living we now look upon as deplorable."

He said that the world problems that loomed up today will be solved by that breed of men and young men who have a splendid opportunity to work to advantage with boys and to make their presence felt in assisting in the development of their lives.

PLANS MOVE STEADILY IN CON- NECTION WITH BOYS' WEEK PROGRAM

Well Known Citizens Gladly Enroll in Boys' Week Campaign — Contributions Coming In — Athletic Events and Inspiring Street Parade Saturday

Lowell's first city-wide celebration in honor of glorious American boyhood, officially starting on Friday morning, May 16, with elaborate "Boys' week" observances in all public schools, promises to outdistance in attractions and popular civic support, anything of similar character ever before conducted within the limits of the community.

A constantly-growing number of well known Lowell citizens has enrolled in the "Boys' week" campaign. The list of nearly 500 supporters of the auspicious program in honor of Lowell youth in the prime of life, includes bankers, clergymen, industrial experts, school teachers, college instructors, laborers, contractors, textile workers, salesmen, storekeepers, clubmen and sportsmen, to list just a few.

Subscriptions of cash are being tendered by many Lowell men and women in response to the "Boys' week" committee's appeal for \$100,000 to defray the expenses of the inspiring street parade to be held Saturday.

GARRITY CHARGES DOHERTY MOVE DUE TO PERSONAL ANTIPATHY

Resents Orders of Street Department Head But Will Obey—Can't See Need of Three or Four Bosses to Handle Job He Shouldered Alone

P. Joseph Garrity, who under orders of Mayor Supt. Harry Doherty yesterday was relieved as general construction foreman in the street department and assigned to charge of paving and edging, said this morning that while indirectly complimented to find additional bosses were created to handle work which he has handled alone, he feels his resignation is in fact a demotion and the result of a vendetta.

Mr. Garrity has been succeeded as assistant superintendent of streets in fact, though not in official rating, by John Blessington, former superintendent of streets, who was recalled from his position at the city lodge at Braintree, Mass., and Supt. Doherty this morning made a tour of some of the jobs now under way.

Mr. Doherty said that the rain of the past several days has handicapped the advancement of construction work but that the mayor will present his name

Finally Voted That Editor Ward Beyond Jurisdiction of Conference

SPRINGFIELD, May 14.—A charge that the Methodist church had been brought into ill-repute as a supporter of communism and the Third International threw the Methodist Episcopal general conference into an uproar today. It was finally voted that Harry E. Ward, chairman of the Civil Liberties and editor of the Methodist Federation for Social Service, was beyond the jurisdiction of the conference. Capt. "Joe" Molloy, never backward when the changing seasons demand alterations in male attire, continued to uphold his prestige today when he appeared downtown bright and early wearing a brand new and resplendently shining straw hat. He was the first to so appear according to all available reports, although later in the day one or two other straws were seen being walked through the square.

Had Absolutely Nothing to Do With Sale of Steamship Martha Washington

Charges to the Contrary "False" Says Secretary of State in Formal Statement

WASHINGTON, May 14.—Secretary Hughes today declared to be "absolutely false" the statement that he "had anything to do with the sale of the steamship Martha Washington" to its former owners by the shipping board.

In a formal statement prompted by the reading of correspondence before the house shipping board investigating committee in which Secretary Hughes was said to have appeared for the former owners before becoming secretary of state, Mr. Hughes declared he had had nothing to do with the subject since he entered the cabinet.

in the city council at an early meeting. At last night's meeting of the city council many looked for the appointment of Mr. Landers by the mayor, but it did not materialize. No statement was forthcoming from the mayor's office this morning. His honor was out on a road inspection trip, Secretary Glasheen said, and Mr. Glasheen could offer no light on the matter.

Mr. Landers, who lives with his mother at 27 Waverley street, in ward five, is a member of the Lowell Printing Pressmen's Union, Lowell lodge, No. 87, R. P. O. Elks, the Washington club, and the Knights of Columbus in which latter order he is a past district deputy. He is employed by the C. P. Hatch company.

Senate Daugherty Committee Orders Atlanta Warden to Produce Remus

Latter Had Immense Whiskey Operations in Progress in Ohio for Some Time

WASHINGTON, May 14.—The senate Daugherty committee today ordered the warden of Atlanta penitentiary, by wire, to produce George Remus, an Ohio bootlegger, now a convict there, to testify before it.

Several witnesses have told the committee that Remus had immense whiskey operations in progress in Ohio for some time, involving a number of prominent people. He is serving a two-year sentence and it also has been testified that he has been given special comforts at the penitentiary.

It was said at the department of justice that in the usual course of procedure, the warden at Atlanta, if he had any doubt as to the attitude he should assume, would refer the question of Remus' subpoena to the department. It was added that the department contemplated raising no objections.

OIL COMMITTEE ENDS HEARINGS

Indefinite Recess Pending Decision in the Sinclair Contempt Case

Adjournment Subject to Call of Chairman, Sen. Walsh of Montana

WASHINGTON, May 14.—The senate oil committee today tentatively closed its hearings on the naval oil leases, which have contributed many editorial chapters to American legislative history since they began last October.

Adjournment was taken, subject to the call of the chairman, Senator Walsh of Montana, the committee prosecutor, said he had no more witnesses to call, and would not ask for another hearing, unless the courts should compel Harry E. Sinclair to return and answer the questions to which he has heretofore refused to reply.

Senator Spencer, republican, Missouri, indicated there was a possibility he might ask later that one or two pieces of additional testimony be added to the record.

Until there was a decision in the Sinclair contempt case, pending in the district of Columbia courts, the committee probably will stand in indefinite recess.

The election was the first business undertaken and the following members were named as a board of managers: Edward J. Conroy, Dr. S. W. Orr, Frank Blum, Fred Snow, Hon. J. B. Casey, John Daly, Robert Wood, Miss Irene T. Matthews, and Thomas Atkinson. This board will meet during the week and elect a president, vice-president, secretary, treasurer, and corresponding secretary.

The auditor's report showing a large bank balance was read and accepted.

MAYOR PRESENTS MEDALS TO BOYS IN PRESENCE OF COUNCIL

Public Recognition for Lawrence Street Lads for Effecting Drowning Rescue—Council Passes Loan Order for Fire Apparatus and Ignores Tabled Nominations

Two boys of eleven and twelve years respectively stood in the chamber of the city council last night, their eager faces flushed with excitement and pride that is known only to the flaming medallions of boyhood, while Mayor John A. Benson turned upon their beaming hope medallions the city's chief executive, the presentation with a brief speech the feature of which was the ring of sincerity which permitted no impression save that it did indeed emanate from the heart.

Checks for fifteen dollars each were also presented to the two youthful heroes who braved the cold and icy waters of the Concord river last winter to save a playmate from death by drowning.

The boys, Channing Lambert and John Handley, are playmates, and neighbors in Lawrence street, and rescued the younger Handley's brother from a watery grave. Miss Emily P. Skilton of the police department investigated the rescue and it was her report of the circumstances and her recommendations which won official recognition.

The council session which followed the presentation was noteworthy for its brevity despite the usual large attendance.

WASHINGTON, May 14.—Agreement was reached by republican and democratic house leaders at a conference today with President Coolidge to work for adjournment of congress on June 7.

Legislation before the house was discussed in a general way with the president by Representatives Longworth and Garrett, the republican and democratic leaders. Chairman Snell of the house rules committee, and Representative Garner, democrat. Consideration was given to those bills which could be disposed of in time for adjournment for the national political conventions.

EPISCOPALIANS IN CONVENTION

Resolutions Calling for Reaffirmation of Declaration in Pastoral Letter Tabled

Committee Opposing Action Says Discussion Would Revive Controversy

NEW YORK, May 14.—Two resolutions, calling in effect for reaffirmation of the declaration in the recent pastoral letter of the house of bishops, that "it was the purpose of the church, not to explain, but to proclaim a fact, that the Jews of history are none other than God and Saviour," were tabled today by unanimous vote at the convention of the New York diocese of the Protestant Episcopal church.

This action followed a committee report asserting it was not within the province of the convention to discuss the pastoral letter. The report expressed the belief that discussion of the resolutions would revive in the church the modernist fundamentalist controversy and by resultant misunderstanding, might do great harm to the church.

The Rev. Dr. Percy Sweeney Grant, a modernist, did not arrive at the convention hall until the resolutions had been tabled. He characterized the action as an unfortunate delay of progress.

Furniture Should Follow Lines of Room

A NEATLY ARRANGED BREAKFAST ROOM, SHOWING AGREEMENT OF FURNITURE AND WALL LINES

Comfortable furniture may produce unrest and discomfort if placed without a preconceived plan in a room.

A room apparently put in order may produce a sense of disorderly arrangement, if it isn't furnished correctly.

The cause for such reaction is the violation of a simple principle in house furnishing. It's this: Rugs should be laid and furniture placed in accord with the lines of the rooms.

A room generally has rectangular lines. Very seldom do we find one with a curve in it.

Lines Conflict
Place a rug so that its lines will run diagonally to those of the room, and a new decorative idea is produced. There are two conflicting plans for arrangement of the furniture.

In addition, if the furniture is placed every-which-way, a visitor very likely will get an idea of confusion rather than balance, unrest rather than peace and comfort.

The rug should lie with its lines parallel to the walls. Any other rug, small or large, should not be thrown across the floor, but placed parallel with the main rug.

A piano placed across a corner not only wastes the triangular space there, but conflicts with the main plan of the room. Whether upright or grand, it should be placed along a wall, where it fits best.

Chairs, tables, sofas should run parallel with the lines of the room. Such an arrangement makes for order.

VITAL FACTS FOR WOMEN

Sooner or later almost every woman is brought face to face with the fact that she is a victim of some weakness or ailment peculiar to her sex. It may be the young woman suffering from pain or irregularities, a mother who has brought on nervous weakness or displacement from overwork or the middle-aged woman passing through the most critical period of her life. For each of these trying periods Lydia E. Pinkham's Vegetable Compound has proved the greatest boon ever given to women, and there are women living in every town and city in the country who testify to its value. —Advt.

POINCARÉ TO TAKE REST

To Ask Leave From Senate
So as Not to Have to Appear in Debates

Question of Successor to
Poincaré as Premier Easier
Put Than Answered

PARIS, May 14.—(By the Associated Press.)—Poincaré intends to withdraw from politics for the time being, taking a complete rest, and it is understood he will request a leave from the senate so as not to have to appear in the debates following his retirement as head of the government. M. Poincaré has received requests from all over the world, particularly from America, to write articles for leading publications, giving both his views on European politics and reminiscences of his 12 years as a government minister.

He will resume his political activities when he considers the time ripe. Meanwhile the question of who is to succeed to the premiership is easier put than answered and it provides ample food for speculation among the deputies who are already beginning to prepare for the opening of the chamber on June 2.

It is also receiving the full attention of President Millerand, who, it is understood will take an early opportunity to confer with M. Herriot, the radical leader, on the political situation, so that the interregnum between the resignation of the Poincaré ministry and the formation of a new cabinet will be as short as possible.

The composition of the new ministry depends largely upon the attitude of the socialists, who form a large section of the bloc of the left. It has always been a cardinal principle of that party never to accept office, and a conference will be called at an early date to decide whether the rule should be waived to permit members of the party to accept portfolios in the new administration.

Lawyers in Majority
PARIS, May 14.—Like most legislative bodies the world over the new French chamber of deputies has more lawyers in its membership than men of other occupations. The lawyers number 161. After them come the farmers with 53 and the manufacturers with 46. There are 21 doctors, 4 priests and three ministers.

Will Accept Doves, Heppner
PARIS, May 14.—(By the Associated Press.)—Leon Heppner, leader of the socialists in the new chamber of deputies and their most prominent financial authority declared today that the results of the parliamentary elections were sure to better the position of the franc, because France will have just that much more credit throughout the world by affirming herself more resolutely peace and determined to apply the reparations experts' program.

"It will not be a sudden acceptance of the experts' report—an acceptance always ready to contest points and invoke dilatory processes—which can draw the world's confidence to us," he continued, "but a loyal acceptance based on a resolve to proceed immediately to realizing action. Don't doubt but that the new chamber will give that acceptance."

ARMY REDUCTION
4000 Will Lose Jobs in Japan
On May 31

TOKIO. (Correspondence of the Associated Press.) The war office announced that 4000 workmen employed in the armaments and clothing factories will be discharged May 31, as part of the program of army reduction inaugurated in 1922.

CARD OF THANKS
We, the undersigned, desire to express our sincere thanks to our many friends, neighbors and relatives for their acts of kindness, expressions of sympathy and spiritual and moral offerings, especially do we thank the Sisters of Notre Dame and the Brothers of St. Patrick's school for the way they guided the children to the house and church. We deeply appreciate their kindly efforts and will ever hold them in loving and grateful remembrance.

BILLY SUNDAY GOES TO HOSPITAL FOR REPAIRS

MEMPHIS, Tenn., May 14.—William A. (Billy) Sunday, evangelist, in his own words has been "driving the old machine hard for thirty years and I guess some of the bearings are hot." He is on his way today to the Mayo clinic at Rochester, Minn., "to have some repair work done."

Mr. Sunday accompanied by his wife, "Ma" Sunday, his physician, Dr. A. L. Sanders, who ascribed the evangelist's illness to impaired functioning of the kidneys and others, left here last night.

that matters are today joint sympathy.

Carry Says Grudge Basis

"Like a good soldier I am subject to orders and the carrying out of same," said Mr. Carry this morning. "I will do the work assigned to me to the best of my ability. To say that the changes are made for the sole object of increased efficiency in the department rather than based upon personal antipathy is to ask for an unreasonable stretch of imagination."

"The superintendent has simply put into effect what he has said, he is contemplating doing for the past month. He is in charge of the department and I will follow his instructions. Just why it is necessary to divide the work of the department among three or four sub-heads this year where last year it was performed by one under the supervision of the city engineer, is a question which I am not called upon to solve, nor to provide for the increased expenditure of public money that is incidental to these changes."

Chairman Murphy Non-Committal

Chairman Dennis J. Murphy of the board of public service was interviewed by a reporter for The Sun relative to his departmental changes and said he had no previous knowledge of Mr. Carry's move. He said he might interfere in any way. Mr. Murphy was non-committal, saying he could only talk for himself and that on first impression would say that it is improbable there will be any interference with Mr. Doherty in whatever switching he desires to order among his subordinates.

Two years ago, was the basis of a report by a standing committee, which was adopted as the conference's final action.

"The church ought to take action," said John C. Willis of the Michigan delegation. "The church has been brought into great reproach in Berrien county. We ask a deliverance whereby the people of that county will know that the church does not stand for Communism and Communists that seek the overthrow of the United States government."

"Ward's chairmanship of the Civil Liberties union has been used as a smoke screen," the delegate continued. G. Bromley Oxman of California received an ovation when he said that the matter of free speech was at issue in Michigan, and that the sending out of the bulletins was in defense of the federal constitution.

TRIAL OF ALLEGED BANK WRECKERS TOMORROW

WORCESTER, May 14.—Joseph B. Marston, Abraham Goldman and Frank L. Taylor, the latter the Sun news editor, will go on trial before Judge Broadhurst and a jury in superior court here tomorrow on state indictments arising in connection with the wrecking of the bank on Feb. 3, 1922 when the bank's securities, \$212,000 in bonds, were taken.

The indictments charged with conspiracy to steal and in a trial before the grand jury and Taylor and Goldman are accused of conspiracy and aiding and abetting in the larceny.

HAVERHILL AND LOWELL HIGH AT HAVERHILL

Continued

The baseball game between the Haverhill and Lowell high teams scheduled to be played at Alumni Field was played in the Haverhill stadium this afternoon. Cohen and Gibbons were named to start in the box for Lowell and the remainder of the lineup is the same as against Lawrence high last week.

The transfer of the game to Haverhill was made necessary by the fact that the grounds at Alumni Field are at present being graded and sodded. The work is almost completed and will be ready for the next game scheduled at Lowell, May 21.

LICENSE OF PILOT ADAMS SUSPENDED

PROVIDENCE, R. I., May 14.—The license of Massachusetts State Pilot George A. Adams of Attleboro today was suspended for six months by the United States immigration inspectors here on the grounds of unfitness in the operation of the oil tanker Swift Light, which grounded here twice in 21 hours near Fall River on April 16 and 17, and also struck Slacks Ferry bridge in Fall River and hit the dock to which the vessel was tied up. The inspectors held that Adams was responsible for the mishaps charged against him.

DEATHS

FRANKLIN, Tenn., Tuesday May 13.—Gustave Franklin, aged 25 years, 5 months, 18 days, formerly a resident of Lowell, was killed by a car on the highway near Fall River on April 16 and 17, and also struck Slacks Ferry bridge in Fall River and hit the dock to which the vessel was tied up. The inspectors held that Adams was responsible for the mishaps charged against him.

MODERN METHODS OF DRILL FOR FIREMEN

Modern methods of drill for firemen will be shown by the Lowell fire department at a drill tower, proposed by Chief Sanders, is erected.

The drill tower will be located near the fire station on Branch street and will be 15 to 20 feet and the height of a two-story building with windows and doors. The tower will be used for training firemen in modern methods of drill for firemen.

But the tower would not be limited to ladder work for the firemen. It will be used for training firemen in modern methods of drill for firemen.

ELECTION MEANS FRANCE WANTS PEACE

PARIS, May 14.—Anatole France, member of the French academy and dean of the nation's literary men whose political allegiance is somewhere midway between socialism and communism, rejoices in the victory of the left bloc in Sunday's election. In a signed statement today in L'oeuvre, he salutes this great victory.

"I salute this great victory," he declares. "France has just manifested her will for peace."

"I have often said I do not believe war is an eternal human necessity. I wish and hope and foresee a future of peace and concord among peoples of equal culture."

"Let us prepare for this longed for peace. Let us beware of the old adage. In reality if one wishes for peace, one must prepare for peace. Such is our desire, such our care and such ought to be our work."

"Let us work for universal peace, and let it be a task worthy of the greatest souls and the proudest courage. Some of the Caesars attempted it when she was queen of the universe. May the Europe of today accomplish it."

IMPORTANT WITNESSES BEFORE OIL JURY

WASHINGTON, May 14.—Several important witnesses subpoenaed for appearance today before the special oil grand jury in the District of Columbia supreme court were unable to reach Washington and the jury proceeded with the questioning of employees of the interior department. More documents obtained from the senate oil committee also were examined during the day.

JAPAN NOT TO WITHDRAW AMBASSADOR

TOKYO, May 14.—Commenting on suggestions in Washington press despatches that Japan might withdraw her ambassador from Washington as a protest against the exclusion clause of the immigration bill, the foreign office today termed such a step "undignified" and asserted it was not being seriously considered.

HEARING IN MURDER CASE CONTINUED

PROVIDENCE, R. I., May 14.—The preliminary hearing in the case of Anthony J. Amador, Lincoln farmhand, accused of the murder of nine-year-old Clementine, victim of East Providence, in the Lincoln woods on April 22, was continued until May 28 by Judge Malcolm D. Champlin in the seventh district court this morning at the request of Town Solicitor J. Truman Patterson of East Providence, who appeared for the state.

The arson case against John Singe, and John Stronk, both of Lowell, marked for trial today in the superior criminal court in East Cambridge, was postponed indefinitely because of illness of defendants' counsel.

WHEELER INDICTMENT

Report on Special Senate Investigation Expected Shortly—Hearings End

WASHINGTON, May 14.—A report on the special senate investigation of the indictment of Great Falls, Mont., of Senator Wheeler, democrat, of that state is expected shortly, the committee having voted unanimously late yesterday to end its hearing.

Chairman Borah, with whom Senator Sterling, republican, South Dakota, a member, clashed Monday over winding up the inquiry, was authorized to draft a report to committee approval. He is expected to have been indicted that Senator Wheeler was not guilty of the charge of accepting a fee from Gordon Campbell, Montana oil operator, indicted with him to prosecute land cases before the interior department after his election.

PROVIDENCE, R. I., May 14.—Judge Barrows in superior court today approved a recommendation to sell the holdings of the Walker Webbing Co. of this city and Brockton. If a satisfactory offer for the company's holdings at private sale is not received before May 21, steps may be taken to dispose of them at auction June 4.

SPRINGFIELD, May 14.—William H. House, proprietor of the Carlton House, arrested March 25, the date following a raid on the hotel by agents of the Watch and Ward society, and police, in which horse race and betting paraphernalia was seized, pleaded guilty in district court today to a charge of possessing gambling paraphernalia, and a fine of \$600 was imposed, with time allowed to raise the money.

AMUSEMENT NOTES

HI-TO THEATRE
Two splendid pictures are on the Rialto program for the latter half of the week starting Thursday. "Breaking Home Ties," a heart-interesting story of Jewish home life inspired by the ancient Hebrew melody, "Hi, Hi!" and John Gilbert in "The Wolf Man" are the feature pictures.

"The Wolf Man" concerns a young Englishman who is a gentleman until he drinks. Then he becomes a beast. The trail of tragedy takes him into the timber country in northern Quebec and there, after fighting his weakness for a year, he eventually becomes his own master and wins the girl of his choice. It is a dashing romance with a strong moral. The dual nature of a man essentially good, but whose primitive passions rule him when he is under the influence of

drink, are subject for a story which was written by Frederick and Fanny Hutton. In the east with John Gilbert are Norma Shearer, Alma Frances and other screen favorites. In the role of Honorable Gerald Stanley, of London, Gilbert starts fighting with the opening of the picture. Later, as "The Wolf Man" of the Canadian timber lands, he fights half-breed trappers and lumberjacks. And all the while he is fighting himself—his subconscious self.

"Breaking Home Ties" tells the story of a youth who flees from his home in Russia, after supposedly killing a friend in a jealous quarrel. In America he climbs the ladder of success and becomes a big lawyer. His parents who fail in business in Russia migrate to America but fail to locate their son. They are finally taken to the poorhouse by the hero's finances, a settlement worker. Here the

WORCESTER MERCHANT ADDS HIS TESTIMONY

John R. White Says:
"Tanlac Will Always Get a Good Recommendation From Me."

John R. White, hardware merchant, of 131 Front Street, Worcester, Mass., is another man of prominence in the business and civic affairs of this city from whom the Tanlac treatment has elicited high commendation.

"Tanlac has met every need in my case," says Mr. White, "and I can heartily endorse the medicine to anyone who is in need of a good system builder. When it comes to relieving indigestion, headaches, nervousness, and other troubles that go with a run-down condition Tanlac certainly is the correct thing."

"Such had been my condition for a year or more, but my first bottle of Tanlac made a marked improvement in my feelings. I have used five bottles of Tanlac now and am feeling fine in every way. Tanlac will always get a good recommendation from me."

Other pictures on the bill include, a Spuh Pollard comedy, the third chapter of "Haunted Valley" with Ruth Roland and a new Fox News.

"Flare" performance of "Powder River," the official United States war film will be shown for the last time tonight in addition to the regular program at the same little Rialto place.

MERRIMACK SQUARE THEATRE
Telling the whole story connected with what is perhaps the best known poem in America, the Suter-Lain production of "The Shooting of Dan McGrew," a Metro picture, will play a three-day engagement at the Merrimack Square Theatre beginning Thursday. As the result of a popular vote, Barbara La Marr, Lew Cody and Percy Marmont were chosen to play the famous roles of The Lady Known as Lou, Dangerous Dan McGrew, and The Stranger. These players are supplemented by a cast that includes Mae Dunch, George Siegmann, Max Ascher, Phillipine de Lacy and many others.

Robert W. Service's story of the Yukon has been brought to the screen with life-like vividness by Winifred Dunn, who wrote the film version, and Director Clarence Badger, who has to his credit such productions as "Quincy Adams Sawyer" and "Polish and Perimeter."

Not only has the splendid climax been faithfully reproduced, but the events leading up to it have been worked out in full. Service wrote his poem from an actual incident of the gold rush in the Yukon, and the Metro picture has gone a step farther and told the whole story of this tragic encounter between two men.

The early married life of Lou and Dan is shown—their happiness and contentment while appearing as dancer and musician in South Sea Island ports, and the first rumblings of disaster at the introduction of Dan McGrew. Later the story shifts to New York, and finally to the Yukon.

According to advance reports, "The Shooting of Dan McGrew" is crammed with here action and variety of scene, and is sure to arouse unusual interest because it heretofore unknown details at which Mr. Service hinted in his poem.

The other attraction for the week, and will be John Gilbert, noted dramatic star in "A Man's Mate," one of his most successful productions. A comedy and the International News will complete the bill.

Final performance will be given this evening of "Triumph," the noted Cecil B. deMille production.

cluding Sunday, the management announces the engagement of "The Next Corner," a Paramount picture with Conway Tearle, Dorothy McNeill, Lon Chaney and Louise Dresser.

THE STRAND
"Lilies of the Field," one of the features that will be shown for the last time today at the Strand, and in which Conway Tearle and Corinne Griffith are co-starring, is a poignant drama of a neglected wife, whose husband left her alone night after night to spend his time in the city, brightly lighted cabarets, with the luxury-loving lilies of the field. What the developments are will be enjoyed by those who see this pictureization today. "A Society Scandal," with Randolph Valentine and "The Next Corner," starring in the second big feature, and this too, is a color drama of real worth and entertainment. Beginning Thursday and continuing the remainder of the week, "Week End Husbands," with Alma Rubens and an all-star cast, and "The White Panther," with Rex (Snowy) Baker, will be shown.

"Week End Husbands" deals with the wealthy, glided society who live in the fastest moving sets and city in the world—New York. "Week End Husbands" concerns the happenings when she has attained womanhood and shows her in her glorious strength and pitiful weakness, a figure to be admired and pitied in turn. Montagu Love, Maurice Costello, Sally Cruise, Margaret Hale and others are in support of Alma Rubens. In addition to the above there will be shown Rex (Snowy) Baker in a thrilling tale of India, entitled "The White Panther," a story filled with thrills and unusually interesting scenic effects and scenes. Gertrude McConnel plays opposite the star.

B. F. KELTH'S THEATRE
Tom Smith is very peppy. His dance steps are wafted into his act at the B. F. Kelth theatre, this week, at any time and any place. Their reason is to cause laughter. His singing is genuinely funny. Another excellent turn is that of Kelly and Birmingham. It is a complete musical comedy, with plenty of attractive dancing. Marguerite Padula is as popular as ever with her "box" songs and Will & Eva Holmes are snappy in a comedy of action and fun. Tivoli & LaVere dance, sing and play the accordion. And Will Morris opens the bill with a pantomime cycle act. The week's picture is "The Yankee Consul," in which Douglas MacLean is starred.

The session may well be recorded as one of the most business-like of the year. At the close, Councilor Frank W. Stearns made a plea for a more general observance of Flag day in the course of which he went over the calendar of American holidays and ended with a stirring tribute to Old Glory. The session commenced the transaction of business at 8.15 o'clock and adjourned at 10.35.

Councilor Cosgrove declined to draw four jurors for the Cambridge superior court session when requested by President Gallagher. Councilor Hennessey drew the following names: Matthew J. Storr, 123 Fourth street; Charles H. Richards, 25 Fort Hill avenue; collector, Frederick W. Cunningham, 885 Graham street; shoemaker, and William J. Gargan, 137 Appleton street, bricklayer.

On motion of Councilor Daly and by standing unanimous vote the records of the facts of the two boy heroes, recognized earlier in the evening, were ordered incorporated in the records of the proceedings of the council.

A hearing was ordered on June 3 on the petition of the Eastern Massachusetts Street Railway Co. to operate an express motor bus line from this city to Boston.

Maurice E. McCormick, district manager for the railroad company, spoke briefly for the petitioners. He said it is planned to operate an express service at \$1 each way and to use busses with a seating capacity of 22 persons. The speaker explained that through trolley service from Lowell to Sullivan square had been given up because of automobile competition and through this new means it is hoped to secure the renewal of some of this business.

The council accepted an invitation to participate in the Boys' Week parade here Saturday.

Rent Commission Recommended
Councilor Cosgrove reported as chairman of the assessors' investigation committee, recommending the creation of a rent commission of seven persons, three to be a real estate dealer, a lawyer, the city engineer, one woman, the chairman of the board of assessors, a member of the Trades and Labor council and the inspector of public buildings, to be appointed by the mayor. No reference as to salary is made. The board is unanimously recommending that experts be engaged to make a revaluation at a later date. Mr. Stearns moved acceptance. Mr. Daly asked some assurance that the committee take the initiative to bring about the revaluation. Mr. Cosgrove said he feels that some other member of the council should do this. President Gallagher, succeeded, referring that recommendation to the assessors and Mr. Cosgrove concurred. The revaluation of the city was accepted and on motion of amendment was referred to the board of assessors.

VELIE ENGINEER TALKS ON CONSTRUCTION

"Every automobile today is a compromise between what an owner's ideal of a motor car may be and an average machine designed to meet the needs of the great majority." This was one of the features enumerated by H. C. Snow, chief engineer of the Velie Motor Corp., Moline, Ill., recently, in his radio talk to more than 2,000,000 persons.

This talk, the second of a series of four, given by Mr. Snow from radio station WOL, Davenport, Ia., each Wednesday night at 7 o'clock Central time, was built around the above theme and for the first time an automotive engineer gave the public concrete reasons why it was not possible to do certain things in building the automobile.

Mr. Snow said that today it was impossible to build an automobile that would give great speeds and at the

same time furnish ample power for hill climbing or jolting in traffic, or get away quick in heavy traffic. All these factors, he said, were governed by the gear ratio of the rear axle to the engine and if a high speed axle was provided it would be impossible to build a car that would combine great speed with power, getaway and lasting qualities. Compromise, he said, was the keynote of the entire car and today the automobile has become so universal in use that it is necessary to design and build a car which will appeal to the majority rather than the few. This applies, he said, to price, economy, power and appearance even.

FINE DEMONSTRATION AT THE MOTOR MART

A remarkable and interesting exhibition of the latest new cut chassis of Dodge Brothers car is now being shown at the Lowell Motor Mart. The model is out to show every working part of this popular make and will assist all owners in learning the mechanical construction of their car, so that they may receive the maximum

amount of service and understand the various sections built in it. A competent instructor is on hand to answer all questions and explain everything in an easily understood manner. All owners and prospective owners are invited to see this exhibition all this week.

Mayor Presents Medals to Boys

The public safety committee, introduced an order for the expenditure of \$75,000 for complete motorization of the fire department and the supplying of a drill tower. To meet the usual course and the motion carried.

Councilor Fitzgerald introduced his amendment to the recently passed charity ordinance. This amendment provided that fuel be distributed from the city wood yard as is now customary instead of by private contract as proposed.

Councilor Lambert moved, and Councilor Daily seconded, the proposal to refer the amendment to the committee. Mr. Fitzgerald amended to provide it also be referred to the city solicitor as to legality and form, and also referred to the committee on ordinances as well as the committee on charities.

An objection from George B. White to the location of a lunch cart in French street as desired by former Election Commissioner Joseph Mazure, was read.

Councilor Sadler moved the petition be received and placed on file. It was so voted.

Abolition of Grade Crossing

The following letter from the city solicitor regarding the abolition of the Middlesex street grade crossing, was read:

"I am returning herewith the petition of the city council to the superior court for the abolition of the grade crossing at Middlesex street. I have approved this petition as to form, and to call to your attention the following facts:

"In 1905 and 1910 previous petitions were filed for the abolition of this same grade crossing, together with the grade crossings in Western avenue and Fletcher street. In 1915 a commission was appointed by the court; hearings were held; and in 1916 the commission filed its report, which was to the effect that the financial condition of the Boston and Maine railroad would not permit of its being put to such an expense. The abolition of the grade crossing at that time would have cost in the neighborhood of one million dollars. This matter was appealed to the supreme court by the city on the disallowance by a justice of the superior court of the city's motion to have the

BUICK TO HAVE RECORD BREAKING SALES YEAR

Buick Motor Co. officials discount any intimation that general production for the year will be seriously handicapped by the late buying season. On the contrary they are looking confidently to completing the schedule laid out for the fiscal year, which means an increase over the previous year's business of about 20,000 cars.

They brand as propaganda several reports which have been given circulation, mentioning among these a patented design, a story that four-wheel brakes have proved unsatisfactory, and that it was planned to abandon valve-in-head type of engine. These stories, the company asserts, were circulated for unfavorable effect on sales.

As evidence of the company's position on actual production and sales, it is stated that up to March 31 sales had run 12,000 ahead of the same period in the previous year. That includes the first eight months of its fiscal year, leaving the four best selling months of the year still to be counted. Retarded production in recent months, due to factory changes, will be brought close to normal in May. This resumption of heavy production is in spite of an extreme production during the winter months, which officials declare has been readily absorbed.

the allowance by said justice of the motions of the respondent to have said report confirmed and the petition dismissed. The matter was argued on briefs in 1921 before the full bench of the supreme court, and on April 7, 1921, a decree was issued confirming the decision of the justice of the superior court.

"Before your council proceeds further with the enclosed petition, I should like to have a conference with the committee from the council within whose jurisdiction this matter comes, as well as with those who are urging the petition, in order to present some facts and information in the possession of the law department, which I feel should prove the attention of the city council before any further steps are taken in this matter.

"Very truly yours,

"PATRICK J. REYNOLDS,

"City Solicitor."

Councilor Dickson moved the petition and communication be referred to the public safety committee. It was so voted.

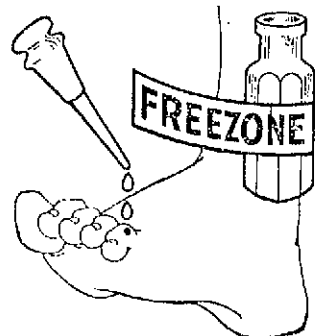

Councilor Lambert moved that the fire chief be requested to advise the individual councilors what equipment he intends to purchase and his plans for distribution. Mr. Daily seconded and the motion carried.

Central Bridge Again

Councilors John J. McPadden, Arthur Genest and David Dickson were named by the council president to serve on the special committee to make recommendations as to what should be done with Central bridge. Under the original motion the council president and city engineer are members of the committee.

OLD

MUNICIPAL GOVERNMENT

Former Mayor Thompson
Addresses Business and
Professional Women's Club

At the regular meeting of the Business and Professional Women's club held at Colby's last evening, with about 60 members present, Hon. Perry D. Thompson, former mayor, as speaker of the evening.

Following the banquet which was served at 6:30 o'clock, a business session was held with Mrs. Hartford in the chair. Miss Fannie Mansur was nominated and elected chairman of the membership committee. Mrs. Fannie J. Perley, chairman of the finance committee, and Miss Katherine Blomherghart, chairman of the publicity committee.

It was voted to hold a card party

some time in the near future and Mrs. Fred Nevery was appointed chairman of the committee with power to choose her corps of assistants.

Following the reading of the minutes of the two previous meetings by the secretary, Miss Eleanor Elvet, Mrs. Hartford presented Hon. Perry D. Thompson, former mayor, as speaker of the evening.

After congratulating the members of the club and stating his pleasure at being able to address them, Mr. Thompson mentioned the fact that New York business women are to have a \$4,000,000 clubhouse, saying Lowell women might have one just as good.

"Although I am of strictly Puritanical stock," said Mr. Thompson, "I am fully converted to the idea that woman has her place in the business world."

"You are a part, an important part, of your municipal government. Your city is a great corporation in a great country. Over ten millions of dollars goes out into the country. And you, each one individually, are a great part of this corporation, although you may not realize it. There is something for each and every one of you to do and

in so doing your part you are helping a wonderful city, a wonderful government, a wonderful community. The city is better than it ever was. The people are better, although it is costing us more. Remember that more than \$10,000,000 have been expended in the past 15 years.

"You often hear the public school system criticized. In any city, especially in one as metropolitan as Lowell, the public school is the very backbone of the city, the success of the community.

"Although we have, I believe, a debt of about \$5,000,000, we have such a well equipped water department that the sale of that equipment would more than cover our debt. But we do not want to dispose of it.

"You very frequently hear that the departments of city hall are running as fast as they can. They could not do so if they would, and would not if they could. Our departments, all of them, are held by a system enforced by the legislature. If you have any doubt of this, go to city hall, see how the departments are functioning, question the clerks and you will see for yourself that they all display ordinary, yes, extraordinary intelligence in their work.

"You are a part of your government and as such you should criticize, honestly and carefully, the work of your system. In a straightforward, business way, you should mention your disagreements to the head of your government. But remember, it is not fair to criticize and not help.

"Although there are times when strife is ripe, and the world does not seem to move along as smoothly as it should, the world is generally growing better.

"On Sunday, I spoke before a group of men of all classes. I spoke on Mother's day and if tears and sympathy can be drawn from men, it is a proof that there are good citizens and that the world is all right."

Drawing an imaginary pyramid and placing the capitalist at the top, Mr. Thompson gave an illustration of the cause of strife and disagreement in Russia today.

"It is because the line has been drawn horizontally instead of vertically," he stated. When the line is at the top, the body politic is not good when it is at the bottom, it is still at fault. Let the line be drawn vertically and you will have equality in that body politic. But that line is gradually swinging, is being gradually tipped up, and when that line reaches the vertical position, the results will be evidenced by one and all.

"It is your job to be a part of this body politic. You cannot shirk your responsibility if you want to, you cannot shirk your duty as a part of the government. The collective duty of all of us, the individual duty of each of us, the duty of every woman, is to be a part of the government and a bigger part than she has ever been before. The desire where the father and mother teach the children to obey the law, to be good citizens wherever they are, in whatever community they reside, is the place to teach duty to government. What we need is a little more of this desire training, then as a part of body politics, we, our children, may help to gradually tip that line until it will eventually be vertical."

Mrs. James Abbott then entertained with monopolies which were greatly enjoyed by the gathering.

The tables were delightfully arranged in blue and gold, with centerpieces of blue, pink and brown butterflies, the gift of Mrs. D. C. Donaldson.

The hostesses of the evening were Miss Mildred Christensen and Miss Florence Milner, M.D.

Of \$2,500,574 stolen in six mail robberies in 1923, \$2,303,734 was recovered.

BABY AND "NERVES"

A wise neighbor, who had had several children of her own, happened into the Mann household one afternoon to find Mr. Mann playing a game with the new baby.

The game consisted of jumping from behind a chair and clapping the hands, tickling the child from time to time and crying "boo" or some such word.

"Tell your husband to stop that," the neighbor advised. "I've learned that the over-stimulation of a child's emotion isn't particularly good. The child may seem amused for the moment, but you will begin to see a reaction after a while."

It is very hard to frighten a baby, or to tickle it into hearty laughter. This is done by thousands of parents, despite the bad effects.

Any sudden outbreak of emotion may greatly affect the child's nervous system. While the child may seem to be enjoying the game, it is, nevertheless, being shocked. Its system is not organized for such over-stimulations.

Nervous habits are very likely to grow from such sources and parents would do well to prevent anyone from any practice that tends to shock, either through laughter or fright.

UNITARIAN LAYMEN'S LEAGUE BANQUET

A pleasing entertainment and excellent banquet featured the meeting of the Unitarian Laymen's league in the Unitarian church vestry, Chelmsford Centre, last evening. It was the last event of the league's social program season and was largely attended. Paul Davis, secretary of the league, supervised the closing event that proved highly enjoyable.

The entertainment program brought artists from Lowell. Miss Frances Scott gave excellent readings of varied selection. Mendelssohn made quartet songs numbers with electric and George R. Smith acted as accompanist. Harry Paschal, Harry Patton, Charles Howard and Harry Needham composed the quartet.

The supper arrangements were in charge of William Johnson, Karl M. Perham, Charles H. Clough, S. Foster Whitely, Charles Nichols, John Buckley, Arthur M. Warren and George W. Day.

FOREST FIRES RAGING

MISSOULA, Mont., May 14.—With four forest fires eating their way into the timber of Northern Idaho, steno were taken today by lumber interests of the state to have timber districts in the endangered area closed to all tourists and outing parties. All available men have been called to fight the flames and 150 others have been called from Spokane in the last 24 hours.

Nurse Stacey's Suggestions to Middle Aged Women

MRS. H. STACEY
COLLINGSVILLE, ILLINOIS

A MOST trying period of a woman's life is that of middle age, fraught with danger to some extent, and invariably with most annoying symptoms, such as hot-flashes, smothering spells, nervous troubles, irregularities and fainting spells.

When a woman like Nurse Stacey after many years of caring for the sick writes a letter of praise for Lydia E. Pinkham's Vegetable Compound like the following, it should influence other women who are passing through the Change of Life to try it.

Lydia E. Pinkham's Vegetable Compound is a root and herb medicine especially adapted to act upon the feminine system. It helps nature to build up the weakened nervous system, and enables women to pass this trying period with the least possible annoying symptoms.

Nurse Stacey's Letter Follows:

COLLINGSVILLE, ILL.—"I could almost write a book in praise of Lydia E. Pinkham's Vegetable Compound. In the first place my husband induced me to try it and I have continued taking it off and on for years. I have become a well woman from its use and am now taking it through the Change of Life just to be on the safe side. I first took it for backache and a weak condition of the whole system and I think it saved my life and my baby. She is now a mother and takes it herself and I think I can count as high as a hundred women I have recommended the Vegetable Compound to, as I am a practical nurse. Use my letter in any way you see fit for I will stand by what I write."—Mrs. H. Stacey, Collingsville, Illinois.

Another Woman's Similar Experience

"During the Change of Life I was always tired and weak, could hardly do my work and did not care to go anywhere or talk to people. After I began to take Lydia E. Pinkham's Vegetable Compound I noticed a change and before I had taken four bottles of it I felt like a new person. I can and always will recommend it in cases like mine."—Mrs. Jos. Waxson, 1215 S. 14th St., Manitowish, Wisconsin.

Amateur Ball

Dixon's strong fly baseball team got away with a most successful start on Sunday by defeating the Merrimacks in a fast game by the score of 6 to 4. On Thursday night the Dixon club will play the Hudsons at Washington park and a real game is expected. Games are wanted for Saturday and Sunday. Communicate with Dixon's Star Box, 1209 Middlesex Street or Mr. C. E. between 6 and 8 o'clock evenings.

The Yankees are without games and would like to play the Buffaloes, Maples, Cardinals or Emeralds for St. Louis. They have been trying unsuccessfully to get a game with the Buffaloes for the past three weeks. Manager Baker would like to see Koscusko at Koscusko's bowling alley. For games, call 1650.

LOCAL FISHERMEN HAVE GOOD LUCK IN MAINE

Lowell salmon-fishermen are smashing more catch-and-weight records up in Maine. The first two days' returns are today practically lined up with anglers from every section of the eastern states. The catch is heavy, the fish are big and the sport is good. The catch is heavy, the fish are big and the sport is good.

More than two score local fishermen and residents of county towns have fished for northern brook trout in the Maine streams. The catch is heavy, the fish are big and the sport is good. The catch is heavy, the fish are big and the sport is good.

That's where Dr. Schuyler R. Waller of 258 Merrimack Street, dentist, Frank G. Cover, of the firm of J. H. Cover and company, 140-152, Middlesex Street, Carlisle V. Watson, president of the N. V. Watson Co., 211 Middlesex Street, and seven companions rounded up from outside cities and towns, have been northern Maine fishing for eight days, returning today yesterday to proudly tell their stories and exhibit the latest heavy-weight catches.

Everybody had good luck on Grand Lake stream, which is up near the Canadian border in the wildest country imaginable. The stream is reached only by trail and on foot, and is 13 miles beyond the Maine Central terminal at Princeton, Me.

Dr. Waller declared the fishing immense at all times. Each fisherman is allowed 15 salmon catches per day, and only 15 salmon can be shipped out. The Waller records show five salmon each weighing 57 pounds or over. E. H. Fontaine, of Haverhill, Me., was a member of the Waller fishing expedition, caught seven beauties each one of which weighed 43 pounds or more.

Messrs. Watson and Cover, the other members of the Lowell delegation, had excellent luck, also.

Know Every Ball the Pitcher Throws and Study Every Batter, Collins' Tips to Second Basemen

BY EDDIE COLLINS
World's Greatest Second Baseman
Cover the base—offer that slogan for every second basemen. On every ball that is hit always have in mind the play that may arise at your bag and be ready for it.

Work with your shortstop—There should be a perfect understanding between the second basemen and shortstop. For smooth play it is necessary that the shortstop and second basemen know who is to be in the best possible position at all times.

On an attempted steal—When the understanding between shortstop and second basemen is perfect, the second basemen should be able to tell the shortstop when to cover the base and when to throw on an attempted steal.

Study your batters—Study your batters, take into consideration the style ball that is to be pitched and shift accordingly.

Always concentrate on your game—The more the pitcher plays—Vary often an infielder is made to look foolish by having a batter hit through the spot that he has vacated.

Concentrate—Keep your mind on the ball game. Carry on no conversation with a fellow player other than is necessary to keep your eye on the ball.

Don't worry—if you have a bad day try to forget it. Pretending over the tough breaks hurts one's game. Picture each game, just a fractional part of the season. It doesn't always rain.

Phinney Boyle Out to Defeat Medford Team
Twilight League Win From Visitors

In a spirited seven-inning game at Graniteville last evening, the Abbot Worsted of Boston Twilight League defeated Medford by a score of 5 to 2. Abbot got the jump in the opening inning by scoring one run, but this advantage was offset in the following stanza when the visitors got to 2.

Jack Leahy in dominating the bout said today: "Phinney is in perfect condition and he is out to win over Gradwell for several reasons. Many of the knoekers, who seem to delight in panning a local boy, are at it again but Boyle is determined to give them another upset. Furthermore, he feels that only for the officials trying he would be credited with two decisions instead of one over Gradwell. He wants to win this rubber battle and thereby convince all that he is the Somerville boys' master. And finally he desires to be in a position to demand a bout with the winner of the Shelton-Norton bout for the N.E. welterweight title. With these objects in mind, Phinney has put his heart and soul into his work and it is a shame that he is not getting the united support of local fans in his ambition to reach the top and checky prize, fame to himself and his native city," concluded Phinney's friend and handler.

The majority of fans, however, are convinced and Phinney will get due credit and encouragement in his ambition to win new laurels in his chosen profession.

Eddie Mack, manager of Gradwell, disputes Mack's claims and feels his boy was fairly entitled to the award he received in the first bout and adds that the second battle was so close that a decision could be given either way. "But on Thursday night," concluded Mack, "Gradwell is out to stop Boyle and thereby eliminate any chance of a wrong decision and then he will issue a challenge to the winner of the Shelton-Norton bout."

The bout between Tansy Norton and Eddie Shelton for the N.E. welterweight title, scheduled for Friday night, has been postponed for one week, on account of Shelton's illness.

Can Win Without Tilden, Says Johnson
SAN FRANCISCO, May 11. Even though William T. Tilden II, national tennis champion, is not a member of the United States Davis team, the American team should retain the trophy this year, William M. Johnson, second ranking player in the country, declared here.

"There is no reason why we should lose the Davis cup," he said. "Tilden's resignation from the team has lessened our chances somewhat, but the rest of our work just that much harder, and I think we should win even without Tilden."

CONTRACTOR STARTS WORK ON TRACK AT ALUMNI FIELD

Cinder "Run-away" for Use of High School Track Team—Completion of Track Assured by Over-Subscription of Bond Issue by Lowell Citizens

Contractor Harvey W. Tarbell today began the construction of a cinder running track, one-quarter mile in length at Alumni field for the use of the high school track team. The construction of the track now is assured with the \$4000 by public subscription. The bond issue of \$4000 by public subscription, suggested by a special committee representing several organizations as the best means of securing sufficient money for the proposition. Members of the Lowell Rotary club and Lions club yesterday took up a sufficient number of bonds to carry the total beyond the \$4000 mark.

The bonds are issued in denominations of \$10, \$25 and \$50. They are 5 per cent interest bearing and will be recalled by the alumni association of the school as rapidly as the association can mature them, with a five-year maximum.

The contract under which the track will be built now is being drawn up, but pending its completion and acceptance by Contractor Tarbell, Headmaster Henry H. Harris of the high school, who also is president of the alumni association, has authorized the work to go ahead, having in mind the great need of a track and the scheduling of an open amateur meet on June 21.

The work of running track construction is familiar to Mr. Tarbell, he having built several of them, notably the splendid track at Andover academy on which the local high school boys trained in preparation for the Pennsylvania relay carnival.

The only possible drawback to the rapid construction of the track is the question of securing cinders at a reasonable price and in fairly reasonable time, but it is hoped that the delay here will not be serious.

LOWELL TWILIGHT LEAGUE OPENS ON SOUTH COMMON

C. M. A. C. Defeats Centralvilles by Score of 8 to 7—Game is Enjoyed by 5000 Onlookers—Mayor Donovan Pitches the First Ball

The C. M. A. C. and the Centralvilles opened the Lowell Twilight League on the South common last evening with the C. M. A. C. defeating the Centralvilles by a score of 8 to 7. Mayor John J. Donovan pitched the first ball and a crowd of 5000 looked on.

"Frank" Garrity was on the mound for the Centralvilles, with George Grant on the receiving end. For the C. M. A. C., the battery was Paullet and Beaudoin.

Except for one bad inning, the fifth, the Centralvilles looked good for a while. In that fatal stanza, the C. M. A. C. hitters got to Garrity's offerings and when the inning closed seven big runs had crossed over the plate. With them, the boys from across the river were leading, 4 to 0. The score:

C. M. A. C. ab r h po a e
W. Bernier, lf 3 1 0 0 0 0
Garrity, p 3 1 1 0 0 0
Beaudoin, c 2 1 0 3 0 0

French Champ to Begin Shows Decided Superiority in Boston Bout—Hebert Given Award Over Dencio

CHICAGO, May 14.—Georges Carpentier, French light heavyweight, who arrives here today from New York, plans to begin preliminary training at once for his bout May 31 with Tommy Gibbons at Michigan City, Ind., providing legal obstacles, threatened by the Chicago police, after being met on his arrival from France by Gibbons, Tunney and their attorneys. They left without attending a conference arranged with Gibbons for the afternoon.

Gibson declared the matter is in the hands of his attorneys and that Tunney and himself would fight to protect their interests.

Carpentier plans to spend several days here in light workouts and gymnasium work before beginning intensive training for the match at his Michigan City camp—the same one used by Dempsey in preparing for his scheduled bout with Billy Brennan, which was later called off.

Meanwhile Tommy Gibbons, who has been training at Grand Beach, Mich., comes to Chicago today to referee elimination bouts in the sixth corps field area to determine boxers to compete in the final Olympic trials in Boston next week. The matches will be held aboard the U.S.S. Commodore.

The principal bout will be six rounds between Jim Flynn, middleweight champion of Chattanooga, and "Kid" Jones, champion of the Great Lakes naval station.

The Dencio-Hebert bout was an interesting and hard fought battle, the latter being caught in a whirlwind clinch throughout.

When the decision was announced in favor of Hebert, the spectators showed disapproval by booing and jeering for almost 10 minutes. Dencio was awarded a technical knockout by a 10-second count. Dencio was weighing 105 pounds and Hebert 103.

Louis Zieffera of Technology was given the decision over George Sichel of Revere in eight rounds and Mickey Blaine of Cambridge was winner over Eddie Blaine of Braintree in the opening eight-round bout.

Jimmy Walsh was the referee, with John Gleason and Dick Henshaw, judges.

HELEN WILLS OFF FOR OLYMPIC GAMES
NEW YORK, May 14.—Carrying the hopes of America for glory in the British championship and Olympic games, Helen Wills, California school girl, and Helen Thomas, champion, sailed early today for the Bermuda with her mother.

Before leaving the champion worked in final efforts on the courts of the West Side Tennis club. Observers were impressed by the noticeable improvement in her volleying, a department of play which, it is believed, she must develop into a strong Suzanne Lenglen, French tennis star and world's champion who has not lost a match since she defeated Molla Mallory at Forest Hills in August, 1921.

GRIB AND NORFOLK BARRIED
ST. PAUL, Minn., May 11. Harry Grib, Chicago, middleweight champion, and Kid Norfolk, New York, are lightweight, were barred from fighting in Minnesota today by the Minnesota state boxing commission. The fighters were held at the request of the New York state commission.

MEXICO CITY, May 14.—Official circles report that the difficulties with the New York bankers regarding guarantees for the \$30,000,000 loan offered to the Mexican government have been smoothed out and that the contract is due to be signed Saturday by Finance Secretary Pani and the bankers' representative here.

MOST POWERFUL RADIO STATION IN WORLD

LONDON, May 14.—Great Britain is to have what is claimed will be the largest and most powerful radio station in the world, according to the Daily Mail. Work is already in progress on a site of 960 acres at Hillmorton near Rugby, where 16 masts 820 feet in height are being erected to carry the aerials. The station is designed to communicate directly with India and Australia, says the paper, although neither of these countries has any station as yet powerful enough to reply without relaying.

CLASHES ASSUME GRAVE CHARACTER

BERLIN, May 14.—Quarrels between the communists and nationalist organizations in Delitzsch, Saxony, assumed a grave character last night, according to a dispatch received here, and many persons were seriously injured. The police carried out house to house searches. Delitzsch is 16 miles east of Halle, scene of the recent monarchist demonstration led by General Ludendorff.

TALKED ON THE VALUE OF FRIENDSHIP

At a luncheon held at the Y.W.C.A. yesterday afternoon by the Girl Reserves, Mrs. L. A. Olney, president of the Y.W.C.A., gave an interesting talk on the "Value of Friendship." As an illustration of this she mentioned the recent international convention at which girls from various nationalities intermingled in friendly conversation and accomplished excellent work. Mrs. Olney also mentioned the work which the girls could accomplish this week in order that equipment for the summer camp might be secured, that more girls might be accommodated.

Those attending the luncheon were Misses Esther Gulesian, Myrtle Dyer, Harriet Bancroft, Dorothy Mignault, Helen Beardon, Annette Pease, Gretta McPherson, Grace van Dyne, Hester Palmer, Dorothy Adams, Arlene Warren, Clara Harris, Margaret Doty, Gretta Russell, Esther Whitlock, Mary Crowley and Louise MacFadyen.

Mrs. George Upton presided at yesterday's session.

GIVEN SURPRISE PARTY

Miss Bernice Moody 'Ten-dered a Shower by Friends at Page's

Miss Bernice Moody, who is soon to become the bride of Mr. Edward W. Gallagher, was last evening tendered a very pretty and most enjoyable shower party by a group of friends at Page's restaurant.

The table was beautifully decorated with cut flowers and plants provided by J. J. Moloney, florist. In the center of the table was placed a large wedding cake on which reposed a miniature bride and bridegroom.

As Miss Moody entered the dining hall the orchestra played the Mendelssohn wedding march. Miss Irene Mathews, who had charge of the party, escorted the guest of the evening, Miss Rose Condy, to the table.

Following the dinner, Miss Mathews, on behalf of those present, in a few well chosen words, presented Miss Moody a most interesting and useful gift. Miss Moody, although taken by surprise, expressed her deep appreciation of the friendly spirit that prompted such a demonstration in her behalf and said she would treasure the gift as a memento of friendships she hoped would never be severed.

Those attending the shower were Miss Condy, Mrs. E. J. Condy, Miss Theresa Burnham, Mrs. Fred Walter, Miss Theresa White, Mrs. Shea, Miss R. Gendell, Miss Marion Somers, Miss Cora Parker, Mrs. Martel, Miss Doris Handley, Miss Marion Duggett, Miss Josephine Murphy, Miss Marion Gibson, Miss Mary Rourke, Miss Alice Joyce, Miss Marion Wilson, Miss Madeleine L. FRANK RICARD TALKS ABOUT HIS CLUB

Frank Ricard, well known local jeweler, whose announcement in last Saturday's Sun pertaining to the organization of a "Community Plate Club" for one week, is creating widespread interest has the following to say in regard to the club: "There is definite need of such a club," says Mr. Ricard. "Not every housewife can afford at one time to purchase all the silverware she would like. Now for this week my 'Community Plate Club' makes it possible for the housewife to come in and make a small initial payment and take home whatever she needs to complete her equipment. Our plan is very simple indeed." Mr. Ricard said today that the plan is attracting a great deal of attention among the housewives of the city, due to its distinct novelty. The opportunity lasts until Saturday evening.

COAL ASSOCIATION HOLDS CONVENTION

CINCINNATI, Ohio, May 14.—The activities and achievements of the National Coal Association were outlined by Harry L. Gandy, executive secretary at the opening session today of the organization's annual convention. He emphasized that the association had nothing whatever to do with prices, the sale of coal, competitive freight rates or between mining districts, wages or wage negotiations. On the basis of the present transportation facilities and with a three-year wage agreement having been signed, Mr. Gandy prophesied an abundant supply of bituminous coal for the American public at mine prices which are "below those of any coal-producing country in the world."

HOLY CROSS ORCHESTRA AND GLEE CLUB AT THE AUDITORIUM

Excellent Entertainment Presented Under Auspices of the Holy Cross Club of Lowell—Large Audience Enjoys Program of Classical and Popular Selections

The Holy Cross club of Lowell last night presented the Holy Cross orchestra and glee club in the Municipal Auditorium to an audience of 2000 interested persons. The musical program, directed by J. Edward Hovind, comprised well known classical and popular selections which were rendered in such a manner as to indicate long and diligent rehearsal on the part of the members. Each succeeding number met with instant applause and encores were numerous.

The ensemble of orchestra and glee club was neatly arranged on the Auditorium stage and presented an attractive picture. The opening number

DR. FRANCIS A. FINNEGAN, President

her by the orchestra was "The Schena Galathra," the rhythm of which set the audience in a responsive mood for the various selections that were to follow. The 40 members of the orchestra, with violinists predominating, followed the director's baton with a precision that was indeed marvelous. Playing as one, the cast went through the simple, then intricate notes with brilliant attention to technique and detail.

Previous to its rendition of the first number on the printed program, the glee club sang several Holy Cross songs, including the famous, "Give Another Hail," the battle cry of the U. C. cheering section at every athletic contest. "Singing Along," a superb arrangement by Cook, was the first formal presentation. With floral ornamentation, the piece was rendered in highly pleasing fashion, and was followed by "On the Road to Mandalay," in which the solo part was ably sustained by Edward P. Kennedy of the class of 1925. "Recessional" was the vehicle that gave T. Farley Malone, '25, an opportunity to use his appealing tenor voice.

The next number on the program was a cornet solo by Robert A. New, a member of the band. His playing was a model of skill and technique. The feature of the evening, Mr. Nesbit played "Recessional" and encores with "Just a Kiss."

Three delicious light songs were sung by the H. C. quartet, including "The Literary," "Will Forget You," and "So Do I." The quartet was followed by the glee numbers, "Dinah, Dinah," "The Soldiers' Chorus," and "The Hi-man," each a wholesome, old-time song with plenty of life to them and replete with catchy melody. They were given with immense power and beauty.

The opening number of Part II called for selections from "Poppy," by the orchestra. Sweet, gentle harmonies, built in the most obvious and simple style and yet calling for expert execution, the selections were introduced with charming effect.

Four famous Latin hymns, sung with great success at the dedication services in connection with the new Memorial chapel in Worcester last Wednesday, were rendered by the glee club with added energy last night. By special request, the members sang "O Salutaris" by Gounod, and acquitted themselves most creditably.

To vary the program, Walter Dempsey, '25, here introduced a series of three readings, two of them taken from tragic scenes in Shakespearean drama and the third, a humorous poem by Tom Daly, entitled "Da Greata Baseball." In his interpretation of characters in Julius Caesar and Macbeth, Mr. Dempsey was especially good. His facial expression, gestures and enunciation clearly

DIVORCE IS GRANTED

Couple Lived Unhappily Together for 23 Years Due to "Moral Obligation"

BRIDGEPORT, Conn., May 14.—After living unhappily together for 23 years, due to a "moral obligation" they felt was due their son, now a student at Columbia, Mr. and Mrs. Frank J. Abercrombie separated, according to the story told Judge Banks in the superior court yesterday, by Mr. Abercrombie, in trial of his petition for divorce which was granted. The suit was uncontested. Divorce was alleged by Mr. Abercrombie, who said his wife left him in 1901. He ascribed the difficulties to interference by his mother-in-law.

McCoy's Cod Liver Oil Tablets Help You Gain Strength and Put on Needed Weight—Great

Nothing like the vitamins in Cod Liver Oil to help convalescing people to quickly get strong and well—everybody knows that. But nobody wants to take the ill-smelling, horrible tasting stomach upsetting oil itself, so nowadays, up-to-date medical men are ordering a tablet of Cod Liver Oil and it surely does do the work.

Ask Grocer's True Store, A. W. Dows, Fred Howard, or any regular druggist for a box of McCoy's Cod Liver Oil Tablets. They are sugar coated and as pleasant to take as candy.

Skinny men and women take them to speedily put on plenty of good, healthy flesh, and for this purpose they are so extremely good that thin men and women often take on five pounds or over in 20 days. As a matter of fact, your druggist will return your money if you don't take on five pounds in 20 days.

Great for weak, run-down children, too, and gives them a hearty appetite—60 tablets, 60 cents.

McCoy's is the original and genuine Cod Liver Oil Tablets.—Adv.

TAX REDUCTION BILL IN HANDS OF CONFEREES

WASHINGTON, May 14.—The tax reduction bill was in the hands of senate and house conferees today for adjustment of differences with the most important provisions in dispute.

About two score amendments made by the senate to the bill as passed by the house must be considered. Most of these changes, however, dealt principally with the language of administrative provisions and presented little difficulty to the conferees, who planned to dispose of all of them before taking up the controversial sections.

Members of both houses, and both parties predicted speedy action, expressing hope that the conference report would be ready within a week or ten days.

UNITY KEYNOTE OF M. E. SEN. COUZENS SOON TO RETURN TO WORK

SPRINGFIELD, May 14.—Unity was the keynote at the start of the 12th business day of the Methodist Episcopal general conference. The 800 delegates adopted committee reports recommending inter-denominational cooperation for better negro education in the south, and domestic interchurch programs for "making the church a power in the land."

"The great advance in negro education made possible by the Century fund brings great encouragement to the committee on the board of education for negroes reported. 'Thousands of boys and girls are now receiving training in secondary and higher schools.'"

"It is a fact, however, that the negroes in the south now receive from the states less than one-ninth of state appropriations for education of the white population, while negroes comprise one-quarter of the population of 17 southern states, including the District of Columbia. This shows the need of further expansion in the Methodist educational program."

The committee's report proposed that a provision be inserted in the Methodist discipline for co-operation of the board of education for negroes with the schools of other denominations of those under independent control.

The committee on education in its report noted with gratification the trend toward unity in the Methodist and other churches. Endorsing the work of the federal council of churches, the report urged co-operation with other churches, provided that the freedom and autonomy of individual denominations be preserved.

The amendment passed by the conference called for the appointment of a special committee, two of the members to be bishops, to suggest methods of co-operation, particularly in the smaller communities.

A resolution supporting Governor Gifford Pinchot of Pennsylvania in his stand for the prohibition enforcement was adopted by the conference earlier in the session.

CITIZENS' MILITARY TRAINING CAMPS

Middlesex county American Legion members are on record as being of the opinion that recruiting for the citizens' military training camps should be performed by local authorities as now is the case. A vote to this effect was taken at last Sunday's meeting of Middlesex county posts of the American Legion, held in Waltham.

The county organization went on record as being opposed to the returning to the various clubs and taverns of the \$2,000,000 surplus collected from extra poll taxes. They believe that the money should be devoted to the erection of a war memorial or kept for emergencies.

Mayor Harry P. Read of Waltham, delivered an address of welcome to the delegates. Thomas Quinn of Natick, president of Waltham posts at a banquet held in the evening in Waltham Legion hall, quarters on Main street.

Members of the posts today have a total paid-up membership of 6,000. It was reported at the Sunday business meeting.

WESTERN R. R. MEN SEEK WAGE INCREASE

CLEVELAND, Ohio, May 14.—Engineers and firemen will resume individual negotiations with managers of six western railroads seeking the approximately 5 1/2 percent wage increase granted them by the New York Central break lines on Jan. 16, as a result of the break in the wage conference in Chicago yesterday.

The representatives of the engineers and firemen of the western district, D. B. Robertson, president of the Brotherhood of Locomotive Engineers and Firemen, announced today. Negotiations with several individual roads are now under way, he said.

Newspaper Advertising Continued

Reports were also made by the treasurer, Edward R. McCall, and the secretary, Miss Irene T. Macdonald. Mr. Woodbury was introduced by President Cheney and in his opening remarks dwelt upon the period of readjustment which the newspaper advertising industry has gone through in the past five years and which resulted in higher advertising rates.

"Newspaper advertising," he said, "is the most popular form of advertising, but it is also the most expensive. It is the only form of advertising that is not free of charge. It is the only form of advertising that is not free of charge. It is the only form of advertising that is not free of charge."

"We believe," he continued, "that unless confusion would result in the postal letters were generally exchanged by the officers. No useful purpose could be served by the adoption of a new form of these resolutions and the discussion thereof. It is a conference which would result in no change in the law."

The house members who conferred with the president said a definite policy with respect to exiles was not set forth by Mr. Coolidge. Mr. Hughes, however, declined to discuss the issue of the exiles.

By his return to the subject, Mr. Hughes, making an appeal to the American people, predicted that the house would adopt the conference report on the immigration bill, making exiles effective July 1 of this year.

His conclusion on the report might be derived a day or so, second session, he declined to give any reason for the possible postponement.

CONTEMPT OF COURT

Judge Morlon Again Denies Motion That Lamont Be Purged of Charge

BOSTON, May 14.—Judge Morlon of the federal district court, is not impressed with tales of the burning of ledgers of the bankrupt brokerage house of G. P. Redmond and Co., Inc., the Satek estate of its president, James S. Satek, who died in 1921.

He denied today a second motion that Lamont be purged of contempt of court for failure to turn the company's books over to the receivers.

The only effect of the production, as evidence of a mass of steel frames, bars and bolts and loose leaves purporting to have been dug up from the ashes of the Satek estate, was to cause the court to lecture Lamont severely.

"I am in no doubt as to my decision on the motion," Judge Morlon said. "But I am in doubt as to whether I should not order the defendant into solitary confinement."

He added that if further efforts were made to obtain Lamont's release, an evidence he would enforce the solitary confinement threat. Lamont has been in jail for three weeks on the contempt order.

NEW YORK, May 14.—Despite the threatened withdrawal of Mexico from the international bank, the international bankers are planning to continue interest payments on the bonds involved. Approximately \$8,000,000 has been distributed on 50 percent of the total and about an equal amount remains on deposit with the international bank.

Completion of the year's service on the remainder of the bonds is expected within a fortnight.

A semi-annual dividend of \$3 has been declared by the Northern Pine, Lumber Co. The previous dividend was \$2.

WHEELER FLAYS BEER PETITION

Brands Petition of "Bootleggers' Union" for Modification of Law a "Fake"

Declares Beer of 2.75 P. C. No Cure for Lawlessness—Would Restore Saloon

WASHINGTON, May 14.—A recent petition from the "Bootleggers' Union of America," protesting modification of the Volstead act to permit the sale of 2.75 per cent beer, was assailed today by Wayne H. Wheeler, general counsel for the Anti-Saloon League, before the house judiciary committee, as a "sample of the lengths to which bootleggers will go to make people believe that prohibition is a failure."

He branded the petition as "fake," and resumed hearings on bills proposing modification of the prohibition laws, that "there never has been as determined and widespread effort by bootleggers of beer, rum runners, brewers and their allies, to discredit any policy of government, as that used to bring down the enforcement of prohibition."

The beer bill if enacted, he asserted, would mean "unlimited millions" of brewers, whose silence is "golden," especially when others plant their cause.

Beer of 2.75 per cent is no cure for lawlessness, he declared, and to amend the law to permit the sale of this beverage "will feed the appetite which is the cause of evil." He predicted the sale of beer would restore the saloon to its former position, and frustrate the purpose of prohibition.

"Even if the law were enacted," he said, "it could not legalize the sale of 2.75 per cent beer in three-fourths and more of the states where it is prohibited by state law. The appeal is based upon appetite and supported by avarice. Americans would not swap the constitution for a mug of beer."

Wheeler displayed several photographs which he described as "an architectural record" gallery showing how brewers, since prohibition, were entrenched behind barbed wire entanglements, as high as the top of a two and a half story house to keep out officers. He declared "the rubber castle on the Rhine" was more completely fortified.

"Beer is not too bulky to bootleg," he added, "and behind elaborate barbed wire the brewery forces attempt to delay officers long enough to destroy the evidence."

Seek Men Who Stole And Demolished Auto

Continued
m. and the men in the car were seen and talked with by two other men who live near the spot where the accident occurred, but they neither were able to give a helpful suggestion as to the identity of Capt. David Petrie, who is in charge of the investigation.

Capt. Petrie states that these two men heard the crash, dressed and went out doors to where the car stood and talked with the men who were attempting to operate it. One of the occupants got out and walked across the fields toward the highway while the other walked farther out Varnum avenue.

The captain states also that the two men who investigated the crash eventually returned to the crash and made an effort to communicate with police headquarters, although in one of the houses there was a telephone. "If a police department had been given a little cooperation the men responsible for the theft and wrecking of the machine undoubtedly would have been caught immediately," said Capt. Petrie.

BUSTER'S FIRST PROSPECT IS A BIT SKEPTICAL

MOTORMEN WILL OPPOSE BUS LINE PETITION

The second step in the street railway company's opposition to the granting of a permit to a competing company to operate busses between this city and Lawrence was taken at the regular meeting of local 256 of the motormen's union in their hall in the Grosvenor block yesterday.

Frank Crowley of the trustees of the Eastern Massachusetts Street Railway Company and Manager Maurice B. McCormick of the local division addressed the meeting and urged the union to work with the company in opposing petition at the public hearing scheduled for next week.

In what manner the union will oppose the permit was not made public but it is believed that a committee will be appointed to join with the company officials in opposing the application for a permit at the public hearing.

The company's first move in opposition to this permit was taken recently at a meeting of our operators and as a result of this first meeting a committee of blue uniformed men and officials of the company were named to formulate plans for the opposition. This committee is headed by George Kusler, chairman of the local division, and will meet with Councilor Dickson Thursday evening.

MRS. HARRIS CHARGED WITH FORGERY

NEW YORK, May 14.—Mrs. Eleanor Harris, wife of Beverly D. Harris, one time vice president of the National City bank, was locked in a cell in the Clinton street station house this morning, charged by her husband with third degree forgery.

Mr. Harris, who recently sued for annulment of his marriage, which the jury recommended, charged his wife with submitting a letter to which his name had been forged in an effort to gain a retrial of the annulment contest. A recent jury decision in the supreme court held Mrs. Harris had misrepresented her social position and moral character prior to her marriage.

The husband with his attorney and a detective, went to his wife's room in a hotel last night, where the officer arrested her.

She immediately was taken to the station house. Bail was fixed at \$2000, which it was found impossible to raise at that time.

BALTIMORE, May 14.—The republican state convention assembled here today to select delegates to the national convention at Cleveland next month, at which Maryland will cast 19 votes. Twelve district delegates were to be chosen and it was planned by the leaders to double the number of delegates at large, making the number 11 instead of seven and giving them half a vote each.

The delegates to Cleveland will be instructed to support President Coolidge for the presidential nomination in accordance with the result of the primary last month, which Mr. Coolidge carried by a ratio of 12 to 1 over his phantom opponent and an unopposed delegation.

Steam Lighter Sabina and Two Freight Cars Loaded With Beer and Ale Seized

Prisoners Held at New London, Conn., Under Guard Pending Trial

NEW LONDON, Conn., May 14.—Eleven men are under arrest here today following the seizure last night of the steam lighter Sabina of New York and two freight cars loaded with 2000 cases of beer and ale which the crew of the Sabina is alleged to have packed for shipment to North Adams, Mass., and New York.

The Sabina is alleged to have unloaded the liquor at the Central Vermont pier and then proceeded to Chappell's wharf where her capture was effected by Deputy Collector of Customs Jeremiah Dillon.

The prisoners who are held under guard pending trial before United States Commissioner Mathewson said they were Captain Charles Mitchell, Frederick Henry Tominer, Robert Richardson, Joseph Manion, Robert Williams, Harry Walsh, John Welsh, Freeman John King and John Campbell and Mess Boy John Mayer. The ship's papers show that Thomas J. O'Reilly of New York is owner of the vessel and gives the skipper's name as George J. Mitchell of New York. Customs officials expressed belief that the Sabina is the vessel wanted by the Newark, Conn., authorities for landing two carloads of liquor at Wilson's Point, about two weeks ago which was seized about freight cars ready for rail shipment.

TEN AMERICANS IN HALL OF FAME

NEW YORK, May 14.—The roll-call of the Hall of Fame, overlooking the Harlem river from the New York university campus, was the second impressive ceremony held yesterday at the unveiling of the busts of 10 Americans—nine men and a woman—who achieved fame in fields ranging from literature to statesmanship.

The 10 were John Adams, Phillips Brooks, Samuel L. Clemens (Mark Twain), Peter Cooper, James Buchanan, Edna St. Vincent Millay, William Jackson, Thomas Jefferson, William Thomas Green Morton and Alice Freeman Palmer.

Before the hour of unveiling, the academic procession passed through the colonnade in silent tribute to the lives of the 10. University presidents, educators, writers, artists, public officials, ministers and men and women of many other professions, including descendants or relatives of all but one of the 10 honored persons, marched in the procession. After the procession the busts were unveiled in alphabetical order.
